2004 Ford Super Duty F-350 Lariat. Performance is great but Ford 6.0 has oil cooler issues as well as injector (stiction) issues. Love the power and the looks! The ride is really bumpy but that's to be expected in a 1 ton truck! This has a great transmission and transfer case as well. The 4x4 works flawlessly!

2004 Ford F-350 Super Duty XL LB 4WD Review. Eric writes: Appearance: Performance: Quality: Overall: 1 5 5. Excellent Vehicle \u2610 Excellent fuel economy, fun to drive, fairly easy to work on, great for hauling stuff. Lots of upgrades available, most of them fairly cheap, and really add to the overall style of the truck.

Haynes manuals are written specifically for the do-it-yourselfer, yet are complete enough to be used by professional mechanics. Since 1960 Haynes has produced manuals written from hands-on experience based on a vehicle teardown with hundreds of photos and illustrations, making Haynes the world leader in automotive repair information.

The consumer guide to shopping for and purchasing new cars and trucks features MSRP & dealer invoice prices, specifications, information on standard and optional equipment, reviews for every make and model, buying and leasing advice, and much more. Original.

Mathew Jefferson Davis was out of work, running out of money, and down on his luck after leaving the Army for problems dealing with incompetent officer just looking for glory. He is sleeping in the back of his pickup when all hell breaks loose.

Author Trenton McGee, 4x4 suspension expert and host of Outdoor Channels Off-Road Adventures, explains 4x4 suspension systems in an easy-to-understand manner. He gets specific on types of suspensions available from all the major manufacturers including Jeep, Toyota, Ford, Chevy, and Dodge. He goes into a great level of detail on every different model, including early and modern model systems.

Since the 1960s, the class action lawsuit has been a powerful tool for holding businesses accountable. Yet years of attacks by corporate America and unfavorable rulings by the Supreme Court have left its future uncertain. In this book, Brian T. Fitzpatrick makes the case for the importance of class action litigation from a surprising political perspective: an unabashedly conservative point of view. Conservatives have opposed class actions in recent years, but Fitzpatrick argues that they should see such litigation not as a danger to the economy, but as a form of private enforcement of the law. He starts from the premise that all of us, conservatives and libertarians included, believe that markets need at least some rules to thrive, from laws that enforce contracts to laws that prevent companies from committing fraud. He also reminds us that conservatives consider the private sector to be superior to the government in most areas. And the relatively little-discussed intersection of those two beliefs is where the benefits of class action lawsuits become clear: when corporations commit misdeeds, class action lawsuits enlist the private sector to intervene, resulting in a smaller role for the government, lower taxes, and, ultimately, more effective solutions. Offering a novel argument that will surprise partisans on all sides, The Conservative Case for Class Actions is sure to breathe new life into this long-running debate.
