In addition to these state-level resources, many counties and towns maintain important genealogical collections in local libraries, genealogical societies, or historical societies, so check for a local resource when researching

New Voyages to Carolina offers a bold new approach for understanding and telling North Carolina's history. Recognizing the need for such a fresh approach and reflecting a generation of recent scholarship, eighteen distinguished authors have sculpted a broad, inclusive narrative of the state's evolution over more than four centuries. The volume provides new lenses and provocative possibilities for reimagining the state's past. Transcending traditional markers of wars and elections, the contributors map out a new chronology encompassing geological realities; the unappreciated presence of Indians, blacks, and women; religious and cultural influences; and abiding preferences for industrial development within the limits of "progressive" politics. While challenging traditional story lines, the authors frame a candid tale of the state's development. Contributors: Dorothea V. Ames, East Carolina University Karl E. North Carolina: A History

Describes the state's prehistory and archaeological discoveries

Originally published in 1992, *A History of African Americans in North Carolina* was the first one-volume survey of black history in the state. It traced the story of black North Carolinians from the colonial period into the 1990s. A revised edition was issued in 2002 that included a new chapter examining the expanding political influence of North Carolina's African Americans and the rise of effective black politicians.

North Carolina 2nd edition is a single volume, fascinating history of the state that covers political, economic, cultural and social dimensions of the Tar Heel state ' s past. This new edition includes new material and an updated history to the present day. The most up-to-date history of the state, encompassing events up until 2015 The new edition includes six sections of primary-source documents Includes the very latest historical literature Answers meaningful questions concerning the history and the future of this unique and quickly growing state

From its dubious beginnings as a pirate-filled colony to a popular tourist destination, North Carolina has an amazingly colorful history. Author and illustrator Ben Fortson presents that history in the form of off-the-wall anecdotes, poignant insights and sublimely silly illustrations. Take a hilarious look at Daniel Boone's larger-than-life Carolina personality. Peruse an uproarious account of the Andrew Jackson birthplace controversy or politically astute commentary on the power of tobacco in the state. Fortson takes readers on a side-splitting and educational ride through the annals of Tar Heel State history.

This collection of nineteen original essays on selected topics and epochs in North Carolina history offers a broad survey of the state from its discovery and colonization to the present. Each chapter consists of an interpretive essay on a specific aspect of North Carolina's history, a collection of supporting documents, and a brief bibliography. Selections cover historical periods ranging from Elizabethan to contemporary times and examine such issues as slavery, populism, civil rights, and the status of women. Essays address the tragedy of North Carolina's Indians, the state's role in the Revolutionary War and the Confederacy, and the impact of the Great Depression. North Carolina's place in the New South and evangelical culture in the state are also discussed. Designed as a supplementary reader for the study and teaching of North Carolina history, *The North Carolina Experience* will introduce college students to the process of historical research and writing. It will also be a valuable resource in secondary schools, public libraries, and the homes of those interested in North Carolina history.

This book presents a re-evaluation of the objectives and actions of the 'Tar Heel Reds' from the 1920s to the 1960s. The author argues that, contrary to widely held belief, they were not a threat to national security, nor were they beholden to the Soviet Union and that their aims are now accepted parts of the national consensus.
