some epic contests including: The thrilling 1902 Test at Old Trafford, which was one by a mere three runs. The incredible innings of Hobbs and Sutcliffe in front of a tense and packed Oval in 1926. Their hopes and fears, their triumph and torment. It is a book about the real feelings that batsmen experience and probes into their minds to see how they deal with one of the most precarious jobs in

sport, in which life and death are one ball apart.

Simon Hughes hero-worshipped the famous batsmen of his youth,

and dreamt of scoring a hundred for England.

His flawed attempts to make runs in a 15-year professional career are the prism through which he reflects on how some talented boys turn into great batsmen, and

others lose their way.

Now universally known as The Analyst, Hughes assesses what

that what goes on in the

batting. There is no right

the diverse range of

batting personalities and styles. Hughes spends time with many of the legendary players - from Garfield Sobers to Kumar Sangakkara - revealing what made each of them so prolific, and the secrets behind Sir Donald Bradman's phenomenal output. He chronicles the way batting has evolved and answers the

the way that county cricket worked, and the people who lived their life in that world. Now, in MORNING EVERYONE, he follows on by revealing what really goes on in cricket broadcasting and, from his unique viewpoint, assesses how the game is changing. As with his previous books, there are brilliant

portraits of those he works with, from Richie Benaud and Geoff Boycott to Mike Atherton and Mark Nicholas. He shows how the life of a sportswriter is rarely as easy or as glamorous as it seems. As a former player himself, he has a fascinating insight into the current generation of stars, and highlights

their achievements in the context of the battle for the Ashes - a true test of England's improvements in recent years. Funny, revealing and insightful, this is a book no cricket lover can be without.

Pastoral Australia tells the story of the expansion of Australia's pastoral industry, how it

Aboriginal people in the

rural life that once saw  
Australia 'ride on the

yet it is largely our  
history as a pastoral  
nation that has endured  
in heritage places and  
which is embedded in  
our self-image as

Australians. The challenges of sustaining a pastoral industry in Australia make a compelling story of their own. Developing livestock breeds able to prosper in the Australian environment was an ongoing challenge, as was getting wool and meat to market. Many stock routes, wool stores, abattoirs, wharf

country. These features of our landscape form an important part of our heritage. They are symbols of a pastoral Australia, and of the foundations of our national identity, which will endure long into the future.

Freddie Flintoff has had

he's noticed that, although there's been a little method in the madness, there has been the occasional common thread. The Book of Fred is filled with anecdotes, observations and the odd opinion all told with Fred's trademark humour and no-nonsense style. Fred's approach to life draws on the sublime

(his series winning performance in the 2005 Ashes) and the ridiculous (singing Elvis Presley's 'Suspicious Minds' in front of a live audience), from highs (making the transition to top TV presenter) to occasional lows (accidentally upsetting the lovely Bruce Forsyth), from the profane (discussing

Throughout, Fred shares
