the same' David Mitchell, author of THE REASON I JUMP Johnny is twenty. He likes music, art and going to the beach. He is also autistic - in his case that means he will probably never get a job, never have a girlfriend, never leave home. And over the last two decades this is what his father, TV producer and comedy writer Henry Normal, and mother, Angela Pell, have been trying to come to terms with. This is a book for anyone whose life has been touched by autism - it's about the hope, the despair, and the messy, honest, sometimes funny day-to-day world of autism, as well as a wonderful, warm book about the unconditional, unconventional love between a father, a mother and a son. 'The book is about how [Henry] grieved for the life that Johnny isn't able to have - and learnt to celebrate the one that he does' The Times 'Honest but funny' Sunday Express 'Pell and Normal describe hopes shattered, dreams deferred and victories gained in this brave, funny, and searingly honest memoir' Daily Express

Adventure is out there – you just have to go and find it! Childhood obesity is increasing year on year. Happiness and well-being levels in children are on the decline too. Children spend less time outside and more time in front of screens: computers, phones, games, television. 100 Family Adventures provides a valuable resource bank of tried and tested outdoor activities to enjoy with children, swapping 'screen time' for 'green time'. Particularly inspiring for people who want to get started, but don't know how, the book shows how any family, anywhere in the country, can enjoy time together outdoors. Activities are grouped into themes:

Woodland, Water, Close to Home, Hills and Mountains, Exploring, By the Sea, Extreme Weather. Within each section is a range in difficulty, from making a rope swing to scrambling up a stream, from spending a day without electricity to going on a charity bike ride, from exploring a rockpool to camping on an uninhabited island. Packed with inspiring photos, sensible but enthusiastic instructions from parents Tim and Kerry combine with remarks and advice (and jokes!) from children Amy and Ella. 'The adventure ambassadors our current generation of cotton-wool kids urgently need' Daily Telegraph

Offering a unique overview of a child's point of view of life with autism, this guidebook will help parents and teachers better understand how this condition is experienced in day to day life. Organised by topic for easy reference, it explores the issues that can arise in everyday situations from toilet training to homework. Learning points, situation-specific activities, and further resources offer practical guidance, while discussion tools such as original poetry illustrate the perspectives of children with autism. Concise and accessible, this book takes a creative approach to understanding autism, and will be an invaluable reference book.

The book "The Story of My Life-It's Classified" is a collection of short comical stories loosely based around events that happened in my family. The story follows the adventures of a young kid who believes they're a secret agent. Everything must be looked at through the eyes of one under cover and small things, like giving the dog

a bath and a regular day at school become dangerous missions. The stories in this book take you on a comic adventure through a "normal" family's everyday life.

Patricia Volk ' s delicious memoir lets us into her big, crazy, loving, cheerful, infuriating and wonderful family, where you ' re never just hungry – your starving to death, and you ' re never just full – you ' re stuffed. Volk ' s family fed New York City for one hundred years, from 1888 when her great-grandfather introduced pastrami to America until 1988, when her father closed his garment center restaurant. All along, food was pretty much at the center of their lives. But as seductively as Volk evokes the food, *Stuffed* is at heart a paean to her quirky, vibrant relatives: her grandmother with the “ best legs in Atlantic City ” ; her grandfather, who invented the wrecking ball; her larger-than-life father, who sculpted snow thrones when other dads were struggling with snowmen. Writing with great freshness and humor, Patricia Volk will leave you hungering to sit down to dinner with her robust family – both for the spectacle and for the food.

Celebrating the joyous art of being a mother, *MOMumental* offers an inspiring, honest, and infectiously humorous look at the perils and pleasures of raising a family in the real world. Once a devout believer in the myth of the perfect mother, author Jennifer Grant now has a more realistic yet still upbeat view of parenting and families. Instead of focusing on creating a conflict-free home, raising picture-perfect kids, and being an ideal mother, Grant offers a wiser and more down-to-earth way to

love your children that makes room for mistakes and imperfections. She says, "I share stories about family life and how I've come to appreciate the mess of it. I am grateful for my own happy, idiosyncratic, and imperfect family." MOMumental is one mother's account of the unpredictable, creative, sometimes hilarious, and always rewarding process of raising a family. It's filled with funny and poignant stories from her everyday life—a life that mothers everywhere can identify with. MOMumental is a book about parenting, family, and intentional relationships for readers who normally avoid such fare like an overzealous street evangelist. (Raises hand.) Its wit and wisdom completely enraptured me. A delightful and surprising gift to us all. Cathleen Falsani award-winning journalist and author

“ Oh, my word, I ’ m living this. ” Dear friend, If you and I are new to each other, let me start here: This is not how this was supposed to go! In the portrait I had long ago painted of my family, I didn ’ t intend to include words like “ widowed single mom. ” I had envisioned many more decades with my husband Robb in the complicated, beautiful life of marriage. But in the course of twelve hours, our family of four became a trio, and since that day my boys and I have been creating a new life in an upside-down world. I have written this new book, which in a lot of ways is a sequel to *And Life Comes Back*, to answer the question so many have asked: “ And then what happened—after the crisis became reality and your life began again? ” I ’ ve leaned into

honest storytelling to offer a look into the chaos and beauty of who we have become. I ' ll be honest, this book was harder to write because I ' m living it right now—I hardly feel like an expert who has figured it out. I hope my straight-up-honest stories will give you encouragement to take the next step. And the next. And the next. Sometimes, you just have to pretend you know what you ' re doing, pretend you ' re brave enough, and pretend you can do this. Sometimes you just have to pretend you ' re normal until the new normal finds you. See you in the pages, Tricia

Roaming the Mediterranean Sea on sailboats and hunting down monsters is the only life seventeen-year-old Indi and his siblings have ever known. He never loved it, but now that his parents are gone—vanished during a hunt three months ago—it's harder and harder to fight his desire to escape. He's constantly battling his ferocious love for his siblings and the temptation of his parents' journal, which contains directions to a treasure that their parents hinted at. Maybe it's something valuable enough to distract Beleza from her mission to hunt down the monster that killed their parents. Something that would take the little kids away from the sea that's turning Oscar into a pirate and wasting Zulu's brilliant six-year-old mind. Something that could give Indi a normal life. Acclaimed author Hannah Moskowitz has reinvented yet another genre in this ridiculously propulsive epic that is part seafaring epic, part coming-of-age tale, and a totally warm-hearted story of a boy who loves his family and just wants to figure his own self out—if only the fate of the world weren't on his shoulders.

You never know what is coming next when you walk with God! Roy Jones had thought he would be working as a railway timetable clerk in London for all of his career. In 1993, on the other side of the world and out of the blue, God challenged him and Shirley to join Youth With A Mission. They never could have imagined what was in store - especially as they'd just been told that their eagerly awaited second daughter would be born with Down's Syndrome. God has been good to the family. In Perfect Timing, Roy tells stories of lessons learned through His faithful guidance and care over more than two decades.
