A redemptive and captivating novel from the No. 1 bestselling author of PS. I Love You.

Sometimes it takes losing everything to truly find yourself... Since Sandy Shortt's childhood classmate disappeared twenty years ago, Sandy has been obsessed with missing things. Finding what is lost becomes her single-minded goal--from the lone sock that vanishes in the washing machine to the car keys she misplaced. It's no surprise, then, that Sandy's life's work becomes finding people who have vanished from their loved ones. Sandy's family is baffled and concerned by her increasing preoccupation. Her parents can't understand her compulsion, and she pushes them away further by losing herself in the work of tracking down these missing people. She gives up her life in order to offer a flicker of hope to devastated families...and escape the disappointments of her own. Jack Ruttle is one of those devastated people. It's been a year since his brother Donal vanished into thin air, and he has enlisted Sandy Shortt to find him. But before she is able to offer Jack the information he so desperately needs, Sandy goes missing too...and Jack now finds himself searching for his brother and the one woman who understood his pain. One minute Sandy is jogging through the park, the next, she can't figure out where she is. The path is obscured. Nothing is familiar. A clearing up ahead reveals a camp site, and it's there that Sandy discovers the impossible: she has inadvertently stumbled upon the place -- and people -- she's been looking for all her

From the bestselling author of P.S. I Love You and Love, Rosie, Cecelia Ahern, comes an enchanting novel that leads you to wonder if Not Seeing is believing! Elizabeth Egan's life runs on order: Both her home and her emotions are arranged just so, with little room for spontaneity. It's how she counteracts the chaos of her family--an alcoholic mother who left when she was young, an emotionally distant father, and a free-spirited sister, who seems to be following in their mother's footsteps, leaving her own six-year-old son, Luke, in Elizabeth's care. When Ivan, Luke's mysterious new grown-up friend, enters the picture, Elizabeth doesn't know quite what to make of him. With his penchant for adventure and colorful take on things large and small, Ivan opens Elizabeth's eyes to a whole new way of living. But is it for real? Is Ivan for real? *If You Could See Me Now* is a love story with heart--and just a touch of magic.

huddled outside his office building. Inspired by his own unexpected act of kindness, Lou decides to prolong his charitable streak and contrives to get Gabe a job in his company's mailroom. But can he help him fix what's broken before it's too late?

Holly couldn't live without her husband Gerry, until the day she had to. They were the kind of young couple who could finish each other's sentences. When Gerry succumbs to a terminal illness and dies, 30-year-old Holly is set adrift, unable to pick up the pieces. But with the help of a series of letters her husband left her before he died and a little nudging from an eccentric assortment of family and friends, she learns to laugh, overcome her fears, and discover a world she never knew existed.

From the bestselling author of *P.S., I Love You*, a fiercely feminist story collection that illuminates -- sometimes in fantastical ways -- how women of all kinds navigate the world today. In this singular and imaginative story collection, Cecelia Ahern explores the endless ways in which women blaze through adversity with wit, resourcefulness, and compassion. Ahern takes the familiar aspects of women's lives -- the routines, the embarrassments, the desires -- and elevates these moments to the outlandish and hilarious with her astute blend of magical realism and social insight. One woman is tortured by sinister bite marks that appear on her skin; another is swallowed up by the floor during a mortifying presentation; yet another resolves to return and exchange her boring husband at the store where she originally acquired him. The women at the center of this curious universe learn that their reality is shaped not only by how others perceive them, but also how they perceive the power within themselves. By turns sly, whimsical, and affecting, these thirty short stories are a dynamic examination of what it means to be a woman in this very moment. Like women themselves, each story can stand alone; yet together, they have a combined power to shift consciousness, inspire others, and create a multi-voiced Roar that will not be ignored.
