NEW YORK TIMES BESTSELLING author Jeffrey Archer-returns with a powerful tale of twins separated by fate and reunited by destiny. In Hartford, Connecticut, in the late 1940s, a set of twins is parted at birth-not by accident. Nat Cartwright goes home with his parents, a schoolteacher and an insurance salesman, while his twin brother begins his days as Fletcher Davenport, son of a millionaire and his society wife. During the 1950s and 1960s, the two brothers grow up apart, following similar paths that take them in different directions. Nat leaves college at the University of Connecticut to serve in Vietnam, then finishes school, earns his MBA, and becomes a successful currency dealer. Fletcher, meanwhile, graduates from Yale University with a bachelor's and a law degree, going on to distinguish himself as a criminal defense lawyer. At various times in their lives, both men are confronted with challenges and obstacles, tragedy and betrayal, loss and hardship, before they both decide to run for governor, unaware they are brothers... In the tradition of Jeffrey Archer's most popular books, Sons of Fortune is as much a chronicle of a nation in transition as it is the story of the making of these two men -and how they eventually discover the truth-and its tragic consequences.

Bristol dock worker Harry Clifton's unexpected scholarship leads him to pursue a very different life while uncovering the truth about his father's identity.

In this brilliant work, the most influential philosopher since Sartre suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul.

Incarceron is a prison so vast that it contains not only cells and corridors, but metal forests, dilapidated cities, and wilderness. It has been sealed for centuries, and only one man has ever escaped. Finn has always been a prisoner here. Although he has no memory of his childhood, he is sure he came from Outside. His link to the Outside, his chance to break free, is Claudia, the warden's daughter, herself determined to escape an arranged marriage. They are up against impossible odds, but one thing looms above all: Incarceron itself is alive . . .

Hell, the first volume in Jeffrey Archer's The Prison Diaries, is the author's daily record of the time he spent there. The sun is shining through the bars of my window on what must be a glorious summer day. I've been incarcerated in a cell five paces by three for twelve and a half hours, and will not be let out again until midday; eighteen and a half hours of solitary confinement. There is a child of seventeen in the cell below me who has been charged with shoplifting - his first offence, not even convicted - and he is being locked up for eighteen and a half hours, unable to speak to anyone. This is Great Britain in the twenty-first century, not Turkey, not Nigeria, not Kosovo, but Britain. On Thursday 19 July 2001, after a perjury trial lasting seven weeks, Jeffrey Archer was sentenced to four years in jail. He was to spend the first twenty-two days and fourteen hours in HMP Belmarsh, a double A-Category high-security prison in South London, which houses some of Britain's most violent criminals. This is his illuminating insight into prison life.

“Venkatraman has never met a heavy theme she did not like...Borrowing elements of fable, it's told with a recurring sense of awe by a boy whom the world, for most of his life, has existed only in stories.”—New York Times Book Review The author of the award-winning The Bridge Home brings readers another gripping novel set in Chennai, India, featuring a boy who's unexpectedly released into the world after spending his whole life in jail with his mom. Kabir has been in jail since the day he was born, because his mom is serving time for a crime she didn't commit. He's never met his dad, so the only family he's got are their cellmates, and the only place he feels the least bit free is in the classroom, where his kind teacher regales him with stories of the wonders of the outside world. Then one day a new warden arrives and announces Kabir is too old to stay. He gets handed over to a long-lost "uncle" who unfortunately turns out to be a fraud, and intends to sell Kabir. So Kabir does the only thing he can--run away as fast as his legs will take him. How does a boy with nowhere to go and no connections make his way? Fortunately, he befriends Rani, another street kid, and she takes him under her wing. But plotting their next move is hard--and fraught with danger--in a world that cares little for homeless, low

caste children. This is not the world Kabir dreamed of--but he's discovered he's not the type to give up. Kabir is ready to show the world that he--and his mother--deserve a place in it.
