The effeminate sissy was squirming helplessly on her lap, moaning from the torrent of soapy water flowing steadily into his bowels. I moved around them to get a better look at him, and Brian glanced up at me, his face blushing deep red with humiliation.

Becoming a sissy is a process of escaping the dull, uninteresting and stressful masculine world, and nothing sets the mood so well as calling a tough, masculine guy by a girly sissy name. It ' s an instant reminder that you are embracing and submitting to your Feminine self.

What's Your Sissy Name? | Sissy Dream

A sissy slut is pretty much required to become a capable cocksucker. I suggest you get out your

dildo—hopefully you have one—apply some lipstick and begin a regular practice schedule. Soon enough you ’ ll have the opportunity to have your pretty lips wrapped around the real thing... and you won ’ t want to dissapoint.

THE NATIONAL BESTSELLER "Transformative ... If Tobia aspires to the ranks of comic memoirists like David Sedaris and Mindy Kaling, Sissy succeeds." --The New York Times Book Review (A Paperback Row Pick) A heart-wrenching, eye-opening, and giggle-inducing memoir about what it's like to grow up not sure if you're (a) a boy, (b) a girl, (c) something in between, or (d) all of the above. "A beautiful book . . . honest and funny."--Trevor Noah, The Daily Show "Sensational."--Tyler Oakley "Jacob Tobia is a force." --Good Morning America "A trans Nora Ephron . . . both honest and didactic." --OUT Magazine "A rallying cry for anyone who's ever felt like they don't belong." --Woman's Day As a young child in North Carolina, Jacob Tobia wasn't the wrong gender, they just had too much of the stuff. Barbies? Yes. Playing with bugs? Absolutely. Getting muddy? Please. Princess dresses? You betcha. Jacob wanted it all, but because they were "a boy," they were told they could only have the masculine half. Acting feminine labelled them "a sissy" and brought social isolation. It took Jacob years to discover that being "a sissy" isn't something to be ashamed of. It's a source of pride. Following Jacob through bullying and beauty contests, from Duke University to the United Nations to the podiums of the Methodist church--not to mention the parlors of the White House--this unforgettable memoir contains multitudes. A deeply personal story of trauma and healing, a powerful reflection on gender and self-acceptance, and a hilarious guidebook for wearing tacky clip-on earrings in today's world, Sissy guarantees you'll never think about gender--both other people's and your own--the same way again.

This beautiful edition of Tomie dePaola ’ s progressive 1979 classic stars a special little boy who won ’ t give up on the dreams that make him unique. Oliver Button is a sissy. At least that ’ s what the other boys call him. But here ’ s what Oliver Button really is: a reader, and an artist, and a singer, and a dancer, and more. What will his classmates say when he steps into the spotlight?

In her delightful and moving memoir, Sissy Spacek writes about her idyllic, barefoot childhood in a small East Texas town, with the clarity and wisdom that comes from never losing sight of her roots. Descended from industrious Czech immigrants and threadbare southern gentility, she grew up a tomboy, tagging along with two older brothers and absorbing grace and grit from her remarkable parents, who taught her that she could do anything. She also learned fearlessness in the wake of a family tragedy, the grief propelling her "like rocket fuel" to follow her dreams of becoming a performer. With a keen sense of humor and a big-hearted voice, she describes how she arrived in New York City one star-struck summer as a seventeen-year-old carrying a suitcase and two guitars; and how she built a career that has spanned four decades with films such as *Carrie*, *Coal Miner's Daughter*, *3 Women*, and *The Help*. She details working with some of the great directors of our time, including Terrence Malick, Robert Altman, David Lynch, and Brian De Palma—who thought of her as a no-talent set decorator until he cast her as the lead in *Carrie*. She also reveals why, at the height of her fame, she and her family moved away from Los Angeles to a farm in rural Virginia. Whether she's describing the terrors and joys of raising two talented, independent daughters, taking readers behind the scenes on Oscar night, or meditating on the thrill of watching a pair of otters frolicking in her pond, Sissy Spacek's memoir is poignant and laugh-out-loud funny, plainspoken and utterly honest. *My Extraordinary Ordinary Life* is about what matters most: the exquisite worth of ordinary things, the simple pleasures of home and family, and the honest job of being right with the world. "If I get hit by a truck tomorrow," she writes, "I want to know I've returned my neighbor's cake pan."

Do you love family travel? Join the traveling kittens on their trip to Italy, filled with beautiful sights and tons of fun with Buffy and Sissy. Buffy has dreams of eating authentic spaghetti and Sissy plans on taking lots of pictures of their trip. Kids will love these adorable characters and learning about Italy in this first book in The Traveling Kittens series.

Beautifully told and educational... a gem of a book that will be treasured and enjoyed!" -- Reader's Favorite (5-Star Silver Medallion) Perfect for ages 4-8. Grab your copy and an extra for your favorite teacher/classroom.

True incidents and memories from the viewpoint of the author, as a small girl in North Missouri, on a farm, along with her brothers and the influence her parents and grandparents played in their lives. All ages will enjoy reading the interactions of Budgie and Sissy as they struggle with decisions and lessons learned and react to each situation only as children can. The stories took place during the Depression and drought in the 1930s. The author is the only living member of her family mentioned in these pages and would not have had the courage to write these words as she remembers them, if they were here looking over her shoulder. She was very shy as a child and would have been embarrassed to have her family know her true feelings. This book expresses her love as a child for her family and the love she feels now as an adult when they are in her memories.

Garland Summers is a musical prodigy. When his coming-of-age journey leads him to receive his first guitar, it is not long before he is entertaining not just his parents, but also those he loves. Garland naturally feels the music, and it feels him. As he matures, a new dawn of music arrives with the sixties. Prompted by his mother, Garland begins taking guitar lessons from a musician who also becomes a father figure to him while his own is away serving his country. As his journey leads him to marriage, fatherhood, and eventually to having the biggest selling record of all time, Garland and his band are nominated for several Grammys, just as everything crashes down around him. But it is not until he is confined to a jail cell that a shocking secret is revealed that will lead Garland in an unexpected direction, both professionally and personally. Touch is the story of a budding musician's journey to success as he develops from a boy into a man determined to overcome all his obstacles while positively impacting the world with his music.

Retired folk art curator Beatrice Coleman knows everything there is to know about quilts, except how to make them. But with her recent move to Dapple Hills, North Carolina, she's learning all sorts of new things—including how to solve a murder... As the newest member of the Village Quilters Guild, Beatrice has a lot of gossip to catch up on—especially with the Patchwork Cottage quilt shop about to close. It seems that Judith, the landlord everyone loves to hate, wants to raise the rent, despite being a quilter herself... But when Judith is found dead, the harmless gossip becomes an intricate patchwork of mischievous motives. And it's up to Beatrice's expert eye to decipher the pattern and catch the killer, before her life gets sewn up for good. Includes quilting tips!

This study examines the ways in which technological changes initiated during the Victorian period have led to the diminution of speech as a mode of critique. Much in the same ways that speech had been used to affirm intersubjectivity, print culture conditioned readers to accept uni-directional exchange of values and interests. It enabled the creation of a community of readers who would be responsive to the expansion of a industry and the emergence of a technical language and culture, a culture that precedes and predicts post-modern society. The purpose of this study is to employ Charlotte Bronte's Shirley

(1849), Charles Dickens's *Hard Times* (1854), and George Eliot's *Felix Holt* (1866) to evidence how the growth of capitalist production and the development of new technologies of industry within the early- to mid-Victorian periods inspired the prioritization of the printed word over oratory and speech as a means for fulfilling the linguistic power exchanges found common in spoken discourse. Inventions such as Friedrich Gottlob Koenig and Andreas Friedrich Bauer's high-speed printing press enabled mass production and low-cost readership among the working class, who experienced literacy on multiple levels: to educate themselves, to experience leisure and diversion, to confirm their religious beliefs, and to improve their labor skills. Much in the same ways that speech had been used to affirm intersubjectivity, print culture conditioned readers to accept uni-directional exchange of values and interests that would create a community of readers who would be responsive to the expansion of a new technical society and would eventually perform the routines of mechanized labor. This book employs Victorian novelists such as Charlotte Bronte, Charles Dickens, and George Eliot to address representations of speech in fictional discourse. Critics like Nancy Armstrong and Garrett Stewart have considered these representations without addressing the ways in which print culture engendered and valued new forms of speech, forms which might re-engage critique of the human condition. More recent publications like *The Crowd: British Literature and Public Politics*, by John Plotz, do not respond to the ways in which individuals use the collective voice of crowd formations to redefine and resituate their subjective identities. This book serves to fill this gap in Victorian studies. Victorian novels are not, of course, pure representations of Victorian reality. However, many working-class Victorians engaged texts as authentic representations of society. How working-class readers then reconstructed their personal narratives in actuality suggests the affects of social assimilation upon subjective identity and advances the claim that Victorian novels did not provide solutions to the social and economic maladies they reported. Rather, they contextualized social and cultural problems without recognizing the dangers of how the decontextualized imagination of the reader locates placement within the same ontological and epistemological assumptions. *Technologies of Power in the Victorian Period* is an informative study that will appeal to members of academic groups such as the British Women's Writer's Association and the North American Victorian Association. Although the book bears relevance to scholars and students of Victorian studies, it will also serve as a point of reference for curious readers engaged in studies of the effects of industrial technologies on language acquisition and dissemination during the nineteenth century."
