New edition of a standard reference revised every four to six years since 1946 (the previous edition was 1997). Intended for both novices and seasoned safety professionals, as well as managers, educators, and professionals in the fields of risk management, loss control, human resources, and engineering, who must formulate safety program goals and objectives. After introductory material, coverage is in sections on loss control information and analysis; safety/ health/ environment program organization, and program implementation and maintenance. The appendices provide sources of help, a bibliography, and answers to review questions. Annotation copyrighted by Book News, Inc., Portland, OR
