An accounting journal entry must be made for every financial transaction made by a business firm. Equal and opposite debits and credits are recorded for each journal entry. This is what the system of double-entry bookkeeping is based on. A Chart of Accounts, which lists the accounts for a business, tells you if a journal entry is a debit or a credit.

Debits are written on top. Credits are written on bottom, slightly to the right. Total debits must equal total credits (top must equal bottom) Each journal entry has at least one debit and at least one credit. Examples of journal entries: Cash \$100,000. Common Stock \$100,000. Furniture \$10,000. Cash \$10,000.

Journal Entries - Intermediate Accounting Study Aid ...

The accounting journal serves to document business activity as it occurs. However, rather than including a detailed narrative description of a company's transactions and events, the journal lists the items by a form of shorthand notation. Specifically, the notation indicates the accounts involved, and whether each is debited or credited.

D B Dance Studio is a manual practice set that gives students studying introductory accounting the opportunity to prepare a set of accounts manually. This practice set will give students a 'hands on' introduction to the posting and recording of transactions for a retail business over a two month period. Students will be required to analyse source documents, record journal entries, post to ledger accounts, adjust and close entries, prepare a worksheet and typical financial statements. This practice set will develop the skills necessary to keep a set of manual accounting records and understand the steps required to complete the accounting cycle.

This book provides the reader with an opportunity to practice the double entry system of accounting. It contains 1000 practice questions. The solutions are provided for each question, along with an explanation, so that the student will be able to pinpoint exactly where any errors may have been made. These questions pertain to fictitious companies with revenues from services and sales. They include sales revenue, sales returns, various expenses, capital purchases, depreciation, dividend payouts, unearned revenue, and prepaid expenses. There are also practice questions for business loans, which include the posting of interest expense as well as the principal portion of the loan repayment. This book does not teach the theory, but instead, it is intended to allow students to practice what they have learned in their introductory accounting or introductory bookkeeping course.

Blue Wave Fishing Supplies will help students gain an overall understanding of how accounting information is recorded in journals and transferred between journals, ledgers and sub-ledgers and inventory records, and then used in financial statement preparation to help managers in making decisions for the future. Blue Wave Fishing Supplies reinforces a Procedural approach to the subject. The practice set takes the student through a one month accounting cycle and the student fills the role of the accountant for the Proprietorship. The set takes 6-10 hours to complete and includes all source documents such as invoices, cheques, sales receipts, etc. The student processes the transactions, completes the worksheets, journal entries, special journals, prepares a trial balance and the financial statements for the first quarter. This is a manual practice set that can be converted to a computerized set through the instructions provided for Simply Accounting.

The Explorer Car Rentals Practice Set is intended to introduce students to MYOB AccountRight v19. It gives students experience in keeping a computerised set of books and is recommended for use by students studying an introductory unit in financial accounting. This practice set is designed to simulate the activities of a business i.e. Explorer Car Rentals, and provide students with the opportunity

to process a number of common transactions affecting a business over one/or two accounting periods. It should ensure a greater appreciation of: (a) the steps required in the accounting cycle (including GST requirements); (b) entering sales, purchases, receipts, payments and general journal entries; (c) reconciling bank accounts, GST, Accounts Receivable and Accounts Payable; (d) printing financial reports which summarise the activities of the business for the period; and the preparation of the Business Activity Statement.

Emerald Equestrian Centre gives accounting students the opportunity to prepare a set of accounts manually. Many accounting students think that there is no point in practising manual bookkeeping, as computers with accounting software are used in most businesses today. It is true that after most accounting students have graduated and entered the workforce, they will never be required to do manual bookkeeping. Without an exercise such as this accounting practice set, students will miss out on the opportunity to see and experience the way all of the steps in the accounting cycle fit together. The steps in the accounting cycle, such as analysing source documents, recording journal entries, posting to the ledger accounts, preparing adjusting and closing entries, and preparing a worksheet and financial statements, are usually taught in a number of sessions over a period of weeks. An accounting practice set gives students practice at working through the whole accounting cycle, thereby discovering how all the steps in the cycle are related.

Sound Bytes Electronics will help students gain an overall understanding of how accounting information is recorded in journals and transferred between journals, ledgers, sub-ledgers and inventory records, and then used in financial statement preparation to help managers in making decisions for the future. The Practice Set will take the student through a one month accounting cycle and the student will fill the role of the accountant for the Proprietorship. The set will take 6-10 hours to complete and will include all source documents such as invoices, cheques, sales receipts, etc. The student processes the transactions, completes the worksheets, journal entries, special journals, and prepares a trial balance and the financial statements for the first quarter. This is a manual practice set that can be converted to a computerized set through the instructions provided for Simply Accounting.

John Walsh is the owner manager of a television business trading under the registered business name, Video Matrix. The business sells a range of televisions, videos and other related equipment to various retailers at competitive prices. The business commenced on the 1 July 1999 when Walsh used some of the proceeds of an early retirement package to purchase the business premises and buy a small quantity of inventory. This practice set is intended to introduce students to MYOB Accounting Plus v18. It gives students experience in keeping a computerised set of books and is recommended for use by students

studying an introductory unit in financial accounting. This practice set is designed to simulate the activities of a business i.e. Video Matrix, and provide students with the opportunity to process a number of common transactions affecting a business over one accounting period. It should ensure a greater appreciation of: (A) the steps required in the accounting cycle (including GST requirements); (B) entering sales, purchases, receipts, payments and general journal entries; (C) reconciling bank accounts, GST, Accounts Receivable and Accounts Payable; (D) printing financial reports which summarise the activities of the business for the period; and (E) the preparation of the Business Activity Statement. Students are asked to analyse and enter transactions for the month of June 200X using MYOB Accounting Plus, according to the instructions given.

This practice set is designed to simulate the activities of a business i.e. Wipeout Water World, and provide students with the opportunity to process a number of common transactions affecting a business over one/or two accounting periods. It should ensure a greater appreciation of: (a) the steps required in the accounting cycle (including GST requirements); (b) entering sales, purchases, receipts, payments and general journal entries; (c) reconciling bank accounts, GST, Accounts Receivable and Accounts Payable; (d) printing financial reports which summarise the activities of the business for the period; and (e) the preparation of the Business Activity Statement.
