Android NDK Beginners Guide eBook por Sylvain Ratabouil ...

This is a good read, but like it says on the box, Beginner's Guide. It would get you thinking in Being new to the NDK I thought the book by Sylvain Ratabouil, was fairly good. It takes very reasonable steps from introduction to a topic to a fairly complete solution.

Fifty-five men met in Philadelphia in 1787 to write a document that would create a country and change a world: the Constitution. Here is a remarkable rendering of that fateful time, told with humanity and humor. Decision in Philadelphia is the best popular history of the Constitutional Convention; in it, the life and times of eighteenth century America not only come alive, but the very human qualities of the men who framed the document are brought provocatively into focus-casting many of the Founding Fathers in a new light. A celebration of how and why our Constitution came into being, Decision in Philadelphia is also a testament of the American spirit at its finest.

"The Cinema of Sergei Parajanov is the first English-language book on the director's films and the most comprehensive study of his work. James Steffen provides a detailed overview of Parajanov's artistic career: his identity as an Armenian in Georgia and its impact on his aesthetics; his early challenging 1969 masterpiece, The Color of Pomegranates, which was reedited against his wishes; his unrealized projects in the 1970s; and his eventual return to international prominence in the mid-to-late 1980s with The Legend of the Surami Fortress and Ashik-Kerib. Steffen also provides a rare, behind-the-scenes view of the Soviet film censorship process and tells the dramatic story of Parajanov's conflicts with the authorities, culminating in his 1973-77 arrest and imprisonment on charges related to homosexuality. Ultimately, the figure of Parajanov offers a fascinating case study in the complicated dynamics of power, nationality, politics, ethnicity, sexuality, and culture in the republics of the former Soviet Union." -- Back cover.

Here are five little stories of two little men, one called Billy and the other called Ben. From the best-selling, award-winning Pamela Allen comes the perfect read-aloud picture book about two little men who just won't share . . .

Mockstrich season has begun. Welcome to "The Hunger But Mainly Death Games," the hilarious Hunger Games parody, and the only book brave enough to suggest that Suzanne Collins's epic trilogy was way more about death than food.Or at least this is what Bratniss Everclean discovers, when she leaves the comforts of Slum 12, Pandumb's garbage dump, to shortsightedly volunteer for a teenage death tournament. But she soon realizes there are fates worse than death...like weirdly having to date her fellow competitor, and lifelong stalker, Pita Malarkey. Okay, okay, it's not worse than DEATH, but it's still pretty annoying.Still, with help from her agent Ooofie Triptrip and her mentor, Hagridmitch, who's pretty sure he can guide Bratniss to victory in the Tri-Wizard Cup, maybe Bratniss will somehow survive this book that she's the narrator of.

GET " SHEPARDED " TO THE REAL DEAL ON MANs Promising delivery of backbone-size bandwidth locally, where it ' s needed, the metro area glows with vast profit potential—and some of the most brazen hype and outrageously confusing counterclaims in communications. Now Steven Shepard puts things in focus. One of tech's top writers, Shepard brings you clarity, breadth, and depth of vision—and a winning wit—to make understanding metro area networking a pleasure. You must read this book if— * You intend to explore the most potentially lucrative area of telecom *Unlimited bandwidth appeals to you * You work in communications management or technology but are not thoroughly versed in metro area networking * It ' s your job to open the MAN bottleneck and let the bandwidth flow * Robust recovery, ease of local routing, and features such as QoS (Quality of Service), OSS (Operations Support Systems), and MPLS (Multiprotocol Label Switching) could be useful bottleneck-breakers * Orders of magnitude increases in bandwidth on a given strand of fiber are desirable * The question of which technologies are most likely to succeed in MANs falls into your need-to-know category A roadmap to Sonet, DWDM (Dense Wavelength Division Multiplexing), Fibre Channel, InfiniBand, 10 Gb Ethernet, Bluetooth, and other technologies in the MAN would be a valuable commodity * Knowing how VPNs (Virtual Private Networks) and SANs (Storage Area Networks) fit into Metro Area Networks sounds rewarding * The words dynamic routing, bandwidth increase, and packet addressing send shivers down your spine * You have a stake in business, and your business has a stake in the Internet * Investing in businesses crucial to the future of the Internet makes your wallet pocket tingle Metro Area Networks are going to be major telecom profit centers for years to come. If you are a networking professional—an investor or a manager—you must absorb this cutting edge insight into MANs today—and tomorrow.

The films from Pixar Animation Studios belong to the most popular family films today. From Monsters Inc to Toy Story and Wall-E, the animated characters take on human qualities that demand more than just cultural analysis. What animates the human subject according to Pixar? What are the ideological implications? Pixar with Lacan has the double aim of analyzing the Pixar films and exemplifying important psychoanalytic concepts (the voice, the gaze, partial object, the Other, the object a, the primal father, the name-of-the-father, symbolic castration, the imaginary/ the real/ the symbolic, desire and drive, the four discourses, masculine/feminine), examining the ideological implications of the images of human existence given in the films.

Bringing Metal to the Children is a handbook to all things Heavy Metal, brought to you by insane prankster and guitar god Zakk Wyld, of Ozzy Osbourne and Black Label Society fame. This " Complete Berzerker's Guide to World Tour Domination " provides tips and tests for the True Rocker—as wild man Zakk Wyld invites all who dare onto the tour bus for brain-bursting tales of glory, debauchery, and general mayhem in the dangerous metal universe.

From acclaimed erotic editor Nicole Foster come the hottest stories from the coolest writers, taking the series to a whole new level. Catering for every taste and desire, these never-before-seen stories from the top writers of lesbian erotic fiction are a true feast for the eyes and senses.

Human capital needs of the U.S. Customs and Border Protection "One Face at the Border" initiative: hearing before the Oversight of Government Management, the Federal Workforce, and the District of Columbia Subcommittee of the Committee on Homeland Security and Governmental Affairs, United States Senate, One Hundred Tenth Congress, first session, November 13, 2007.
