and stimulates critical thinking. The cases are drawn from actual clinical experiences.

Studies

" The editors and contributors are to be congratulated for their clear effort to bring some degree of correction to the singular emphasis on pharmacotherapy.

While it is clear that

Access Free Answers For

pharmacotherapy has a role to play in treatment, it is equally clear that the use of relationships as therapy has an equal if not more important role to play. There are several other features of this text that commend it to the student and the nurse seeking a review or a

Access Free Answers For

refresher course.

First, the authors have done an excellent job in noting historical context.

Second, [they] have made extensive use of the current research literature." - Grayce
