Appetite for Self-Destruction: The Spectacular Crash of ...

Appetite for Self Destruction is a book about the music industry that I loved. Here is the history of the music business in brief: There used to be hundreds of labels all over the world, then the radio companies started buying up artists and they owned all the means of production and distribution for LPs which were heavy and expensive to ship and fans boycotted any record that cost more than \$8.99.

Steve Knopper shows that, after the incredible wealth and excess of the '80s and '90s, Sony, Warner, and the other big players brought about their own downfall through years of denial and bad decisions in the face of dramatic advances in technology. Big Music has been asleep at the wheel ever since Napster revolutionized the way music was distributed in the 1990s. Now, because powerful people like Doug Morris and Tommy Mottola failed to recognize the incredible potential of file-sharing technology, the labels are in danger of becoming completely obsolete. Knopper, who has been writing about the industry for more than ten years, has unparalleled access to those intimately involved in the music world's highs and lows. Based on interviews with more than two hundred music industry sources -- from Warner Music chairman Edgar Bronfman Jr. to renegade Napster creator Shawn Fanning -- Knopper is the first to

Where To Download Appetite For Self Destruction The Spectacular Crash Of The

offer such a detailed and sweeping contemporary history of the industry's wild ride through the past three decades. From the birth of the compact disc, through the explosion of CD sales in the '80s and '90s, the emergence of Napster, and the secret talks that led to iTunes, to the current collapse of the industry as CD sales plummet, Knopper takes us inside the boardrooms, recording studios, private estates, garage computer labs, company jets, corporate infighting, and secret deals of the big names and behind-the-scenes players who made it all happen. With unforgettable portraits of the music world's mighty and formerly mighty; detailed accounts of both brilliant and stupid ideas brought to fruition or left on the cutting-room floor; the dish on backroom schemes, negotiations, and brawls; and several previously unreported stories, Appetite for Self-Destruction is a riveting, informative, and highly entertaining read.

Where To Download Appetite For Self Destruction The Spectacular Crash Of The

It offers a broad perspective on the current state of Big Music, how it got into these dire straits, and where it's going from here -- and a cautionary tale for the digital age.

Recounts for the first time the epic story of the precipitous rise and fall of the recording industry over the past three decades, when the success of the CD turned the music business into one of the most glamorous, high-profile industries in the world--and the advent of file sharing brought it to its knees. In a fast-paced account full of larger-than-life personalities, journalist Knopper shows that, after the wealth and excess of the '80s and '90s, Sony, Warner, and the other big players brought about their own downfall through years of denial and bad decisions in the face of dramatic advances in technology. forged him, the addictions that almost broke him and the career that saved him. An addictive read, an extraordinary life and the man who survived it, Appetite for Excess is as compelling as the man who lived it and survived.

'Reckless Road' documents the beginning of the legendary band Guns N' Roses and the creation of their seminal groundbreaking album 'Appetite for Destruction'.

A resonant biography of America 's most celebrated novelist of the Great Depression. The first full-length biography of the Nobel laureate to appear in a quarter century, Mad at the World illuminates what has made the work of John Steinbeck an enduring part of the literary canon: his capacity for empathy. Pulitzer Prize

Where To Download Appetite For Self Destruction The Spectacular Crash Of The

finalist William Souder explores Steinbeck 's long apprenticeship as a writer struggling through the depths of the Great Depression, and his rise to greatness with masterpieces such as The Red Pony, Of Mice and Men, and The Grapes of Wrath. Angered by the plight of the Dust Bowl migrants who were starving even as they toiled to harvest California 's limitless bounty, fascinated by the guileless decency of the downtrodden denizens of Cannery Row, and appalled by the country 's refusal to recognize the humanity common to all of its citizens, Steinbeck took a stand against social injustice—paradoxically given his inherent misanthropy—setting him apart from the writers of the so-called "lost generation." A man by turns quick-tempered, compassionate, and ultimately brilliant, Steinbeck could be a difficult person to like. Obsessed with privacy, he was mistrustful of people. Next to writing, his favorite things

Where To Download Appetite For Self Destruction The Spectacular Crash Of The

Recalled by the author in *The Digital Age*
Hardcover 2009 Author Steve Knopper

were drinking and womanizing and getting married, which he did three times. And while he claimed indifference about success, his mid-career books and movie deals made him a lot of money—which passed through his hands as quickly as it came in. And yet Steinbeck also took aim at the corrosiveness of power, the perils of income inequality, and the urgency of ecological collapse, all of which drive public debate to this day. Steinbeck remains our great social realist novelist, the writer who gave the dispossessed and the disenfranchised a voice in American life and letters. Eloquent, nuanced, and deeply researched, *Mad at the World* captures the full measure of the man and his work.
