sends kids on an interactive walk through history."--Container.

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time.

USAs historie indtil 1996

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Looks at the events leading up to the War of 1812 and the battle of Fort McHenry, and describes the story of the "Star Spangled Banner" and how the poem became the national anthem of the United States.

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts in American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 14th edition places an even greater emphasis on the global context of American history through a new feature, Thinking Globally. Revised primary source features excite student interest and help them learn to examine documents the way historians do. Additional pedagogical features make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present primary sources, scholarly debates, and key historical figures for analysis. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Classic Books Library presents this brand new edition of “ The Federalist Papers ” , a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. “ The Federalist ” , as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c.

1755 – 1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation ' s finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

New York Times Bestseller In the most ambitious one-volume American history in decades, award-winning historian and New Yorker writer Jill Lepore offers a magisterial account of the origins and rise of a divided nation, an urgently needed reckoning with the beauty and tragedy of American history. Written in elegiac prose, Lepore ' s groundbreaking investigation places truth itself—a devotion to facts, proof, and evidence—at the center of the nation ' s history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. And it rests, too, on a fearless dedication to inquiry, Lepore argues, because self-government depends on it. But has the nation, and democracy itself, delivered on that promise? *These Truths* tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation ' s truths, or belied them. To answer that question, Lepore traces the intertwined histories of American politics, law, journalism, and technology, from the colonial town meeting to the nineteenth-century party machine, from talk radio to twenty-first-century Internet polls, from Magna Carta to the Patriot Act, from the printing press to Facebook News. Along the way, Lepore ' s sovereign chronicle is filled with arresting sketches of both well-known and lesser-known Americans, from a parade of presidents and a rogues ' gallery of political mischief makers to the intrepid leaders of protest movements, including Frederick Douglass, the famed abolitionist orator; William Jennings Bryan, the three-time presidential candidate and ultimately tragic populist; Pauli

Murray, the visionary civil rights strategist; and Phyllis Schlafly, the uncredited architect of modern conservatism. Americans are descended from slaves and slave owners, from conquerors and the conquered, from immigrants and from people who have fought to end immigration. "A nation born in contradiction will fight forever over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. "The past is an inheritance, a gift and a burden," These Truths observes. "It can ' t be shirked. There ' s nothing for it but to get to know it."

During the bitter winter of 1786-87, Daniel Shays, a modest farmer and Revolutionary War veteran, and his compatriot Luke Day led an unsuccessful armed rebellion against the state of Massachusetts. Their desperate struggle was fueled by the injustice of a regressive tax system and a conservative state government that seemed no better than British colonial rule. But despite the immediate failure of this local call-to-arms in the Massachusetts countryside, the event fundamentally altered the course of American history. Shays and his army of four thousand rebels so shocked the young nation's governing elite—even drawing the retired General George Washington back into the service of his country—that ultimately the Articles of Confederation were discarded in favor of a new constitution, the very document that has guided the nation for more than two hundred years, and brought closure to the American Revolution. The importance of Shays's Rebellion has never been fully appreciated, chiefly because Shays and his followers have always been viewed as a small group of poor farmers and debtors protesting local civil authority. In *Shays's Rebellion: The American Revolution's Final Battle*, Leonard Richards reveals that this perception is misleading, that the rebellion was much more widespread than previously thought, and that the participants and their supporters actually represented whole communities—the wealthy and the poor, the influential and the weak, even members of some of the best

Massachusetts families. Through careful examination of contemporary records, including a long-neglected but invaluable list of the participants, Richards provides a clear picture of the insurgency, capturing the spirit of the rebellion, the reasons for the revolt, and its long-term impact on the participants, the state of Massachusetts, and the nation as a whole. Shays's Rebellion, though seemingly a local affair, was the revolution that gave rise to modern American democracy.
