•17 all-new hikes •More than half the color photos are new •All hikes completely reviewed and re-checked 100 Classic Hikes: Arizona, 4th Edition, is the newest update in the popular Classic Hikes series of full-color coffee-table-quality hiking guidebooks. This informative and easy-to-use guide is also so beautifully produced, it makes a terrific gift for an outdoor enthusiast, visitor, or new neighbor in Arizona. Previous editions of this guidebook have been very popular, and readers on Goodreads.com give it four stars. All hikes have been vetted by public lands.

Perhaps Willa Cather's most autobiographical work, *The Song of the Lark* charts the story of a young woman's awakening as an artist against the backdrop of the western landscape. Thea Kronborg, an aspiring singer, struggles to escape from the confines her small Colorado town to the world of possibility in the Metropolitan Opera House. In classic Cather style, *The Song of the Lark* is the beautiful, unforgettable story of American determination and its inextricable connection to the land.

A comprehensive overview of bouldering guides readers through the best rock climbing sites in the U.S. while providing a history of the sport and its most famous participants.

In this post-apocalyptic novel from Newbery Medal-winning author Robert C. O'Brien, a teen girl struggling to survive in the wake of unimaginable disaster comes across another survivor. Ann Burden is sixteen years old and completely alone. The world as she once knew it is gone, ravaged by a nuclear war that has taken everyone from her. For the past year, she has lived in a remote valley with no evidence of any other survivors. But the smoke from a distant campfire shatters Ann's solitude. Someone else is still alive and making his way toward the valley. Who is this man? What does he want? Can he be trusted? Both excited and terrified, Ann soon realizes there may be worse things than being the last person on Earth.

"This manual contains overview information on treatment technologies, installation practices, and past performance."--Introduction.

Parents had questions about the tests their children took at school. They considered them to be common sense questions. They posed them to the businesspeople, publishers, and politicians who championed tests. They also posed them to the school administrators, teachers, and union leaders who criticized them. This book examines the questions the parents posed, the answers they elicited, and the changes they prodded.

This is mainly a photographic reference book to classic scooters and microcars with specification data presented in A to Z order of manufacturer. There are also nostalgic recollections by the author based on ownership and personal experience. In the middle 1950s as a teenager Mike Dan became interested in these then newly-arrived forms of transport. Eventually Mike owned a series of scooters and a microcar. He became involved in Scooter and Microcar

Clubs and took part in many local and national sporting events gaining a collection of awards and trophies. In the mid 1980s he had time again to visit many indoor and outdoor classic vehicle shows. Eventually this led to a renewed personal involvement in the restoration of a series of over twenty classic scooters and three classic microcars. This highly entertaining book and reference source is therefore written with the authority of a lifetime enthusiast.

Take a road trip down the iconic "Mother Road"! Route 66 tells the stories of this highway's people, legends, and funky roadside attractions. Part legend, part nostalgia, part working highway, part touchstone to an America of the past, Route 66 is the only road in the United States so fascinating that both Americans and international visitors read about and may never actually travel. Route 66: America's Longest Small Town takes you on a virtual road trip, telling you about the highway's legends, stories, people, and businesses that are the essence of the Route 66 experience. You will be introduced to the road's past, present, and future, including a nostalgic look at vintage diners, signs, advertisements, and roadside attractions. Featuring all-new photography along the existing and former 2,000-mile route of the highway, this book, from America's foremost Route 66 author, combines the nostalgia of a storied past with the intriguing realities of an evolving present to create an intriguing portrait of the Mother Road of America.

This book features oral histories, mainly of members of the ranching families who have lived in the Mexican State of Sonora and the corresponding territory in the US that stretches from Tijuana on the California border to Agua Prieta on the Arizona border. The elders in those families recall the tales that their grandparents told, providing a century of perspectives on the revolution in economics, culture, and drug trade that the area has witnessed. The book uses the voices of those who have lived through the vicissitudes of border life to paint this cultural upheaval in gripping, personal terms.

With new readings of ancient texts, Ancient Maya Politics unlocks the long-enigmatic political system of the Classic Maya.
