workplaces, homes, and beyond When Linda Babcock wanted to know why male graduate students were teaching their own courses while female students were always assigned as assistants, her dean said: "More men ask. The women just don't ask." Drawing on psychology, sociology, economics, and organizational behavior as well as dozens of interviews with men and women in different fields and at all stages in their careers, *Women Don't Ask* explores how our institutions, child-rearing practices, and implicit assumptions discourage women from asking for the opportunities and resources that they have earned and deserve—perpetuating inequalities that are fundamentally unfair and economically unsound. *Women Don't Ask* tells women how to ask, and why they should.

Did you know that by failing to negotiate her starting salary for her first job, a woman may sacrifice over a half a million pounds in earnings by the end of her career? Yet, as research reveals, men are four times as likely to ask for higher pay than are women with the same qualifications. In this eye-opening book, Linda Babcock and Sara Laschever draw on research in psychology, sociology, economics and organisational behaviour as well as dozens of interviews to explore the personal and societal reasons why women seldom ask for what they need, want and deserve at work and at home. *Why Women Don't Ask* - a sensation when published in the US in 2003 - is a call to arms that will help you recognise the ways in which our culture perpetuates inequalities - and how you can begin to overcome them.

An enlightening blueprint of the secrets of reaching female consumers from the expert *Just Ask a Woman* is a powerful book about how to tap into female consumers' needs. Mary Quinlan, the founder of the premiere consultancy dedicated to marketing to women, has personally interviewed 3,000 women in the course of her research for *Just Ask a Woman*. Women are the decision-makers in an estimated eighty-five percent of household buying decisions, and yet far too often, products marketed specifically to them fail to connect with their needs. Here, Quinlan explores topics such as how women judge brands and advertising, how they make decisions, the effects of stress on their consumer behavior, and their increasing demands for service and communication. Quinlan rejects the traditional focus group approach in favor of highly energized and intimate talk sessions where women reveal their deeper feelings about products and services. In *Just Ask a Woman* marketers, brand managers, and advertisers will find a revelatory resource filled with ideas and action steps for building your brand with women—from a woman who has walked in a marketer's shoes. Mary Lou Quinlan (New York, NY) is the founder and CEO of *Just Ask a Woman*, a marketing consultancy dedicated to building business with women. *Just Ask a Woman* is a division of bcom3, a \$15 billion global communications firm whose clients include Citigroup/Women & Co., Lifetime, Saks, Hearst Magazines, Toys "R" Us, and Time Inc. Known as a brand-turnaround expert, she has helped to remake brands like Avon and Continental Airlines. Quinlan has been quoted in *The New*

Popular leadership blogger gives the low-down on standing up for yourself In Pushback, top leadership consultant Selena Rezvani argues that self-advocacy is critical to success. Yet women initiate negotiations four times less often than men, resulting in getting less of what they want—promotion opportunities, plum assignments, and higher pay. This book shines a light on the real rules of holding your own and pushing back for what is rightfully yours. Drawing on interviews with high-level leaders, Rezvani offers readers in the first half of their career the unedited truth about how women have asked their way to the top and triumphed—and how you can too. Includes interviews with top business leaders such as Marie Chandoha, CEO of Charles Schwab Investment Management; Cindi Bigelow, President of Bigelow Tea Company; Fizzah Jafri, COO at Morgan Stanley; Rosemary Turner, President at UPS; and Irene Chang Britt, Chief Strategy Officer at Campbell's Soup Offers a reliable and methodic approach to negotiating and navigating tough conversations Highlights compelling facts and research from the world of psychology and leadership Insightful and accessible, Pushback is a timely resource for savvy women who want to leverage their skills, promote themselves effectively, and fast track their careers.

In When Women Ask the Questions, Marilyn Boxer traces the successes and failures of women's studies, examines the field's enduring impact on the world of higher education, and concludes that the rise of women's studies has challenged the university in the same way that feminism has challenged society at large. Drawing on her experiences as a historian, feminist, academic administrator, and former chair of a women's studies program, Boxer observes that by working for justice—and for changes necessary to make the attainment of justice a practical possibility—women's studies ensures that women are heard in the processes and places where knowledge is created, taught, and preserved. The intellectual transformation behind the emergence of women's studies, Boxer concludes, is one of historic proportions. Like other great moments in human experience, it has given rise to a flowering of art, literature, and science, and to the challenging of previously accepted authorities of text and tradition.

For any woman who has experienced illness, chronic pain, or endometriosis comes an inspiring memoir advocating for recognition of women's health issues In the fall of 2010, Abby Norman's strong dancer's body dropped forty pounds and gray hairs began to sprout from her temples. She was repeatedly hospitalized in excruciating pain, but the doctors insisted it was a urinary tract infection and sent her home with antibiotics. Unable to get out of bed, much less attend class, Norman dropped out of

college and embarked on what would become a years-long journey to discover what was wrong with her. It wasn't until she took matters into her own hands--securing a job in a hospital and educating herself over lunchtime reading in the medical library--that she found an accurate diagnosis of endometriosis. In *Ask Me About My Uterus*, Norman describes what it was like to have her pain dismissed, to be told it was all in her head, only to be taken seriously when she was accompanied by a boyfriend who confirmed that her sexual performance was, indeed, compromised. Putting her own trials into a broader historical, sociocultural, and political context, Norman shows that women's bodies have long been the battleground of a never-ending war for power, control, medical knowledge, and truth. It's time to refute the belief that being a woman is a preexisting condition.

Questions women ask in private is a gateway to discovering the forgiveness, the caring, the healing that God wants you to find in Jesus Christ. One who can reassure them and help them discover and apply the best God has to offer.

At last, women find trustworthy answers to the real questions of life in the "privacy" of a book. Women who are looking for honest answers to some of life's most puzzling and troubling questions need look no further. Information is drawn from the wisdom of a favorite feature in the award-winning magazine *Today's Christian Woman*. Sample questions include: How can I stop overspending? Should I look for a husband through a Christian dating service? How can I balance work and being a wife and mom? Organized for easy reference in twelve major themes, each section also includes resources for additional information on that topic.

For readers who loved *Do You Think I'm Beautiful?* Angela Thomas's new book explores a woman's need to be known and loved—just as she is. In her book *Do You Know Who I Am?* Angela Thomas asks God if He knows her—and ultimately does He love her—as she is, right now, today. In each chapter, she names a different identity issue, such as: “I am invisible,” “I am worn out,” “I am undisciplined,” “I am ordinary,” and “I am afraid to dream.” With each honest admission, Angela teaches that God lovingly replies, “Yes, I know your heart. I see your struggle. Now...do you know who I AM?” Ultimately Angela reveals that the secret to being known and loved lies in an intimate understanding of who God is. Each identity struggle is answered with a short biblical study on the character of God that assures readers that their personal, spiritual, and eternal fulfillment is not dependent on getting themselves together. Rather, God has a purpose for them just as they are—broken, afraid, disappointed, disillusioned. Through vivid storytelling, biblical teaching, and practical application, readers will find the heartfelt answers they seek.
