flavors to America. With distribution in two dozen states, two brewpubs and status as one of the 20 biggest breweries in the United States, Goose Island became an American success story and was a champion of craft beer. Then, on March 28, 2011, the Halls sold the brewery to Anheuser-Busch InBev, maker of Budweiser, the least craft-like beer imaginable. The sale forced the industry to reckon with craft beer's mainstream appeal and a popularity few envisioned. the national brands, Budweiser, Coors, and Miller, and change the way Americans think about, and drink, beer. Today, there are more than 2,700 craft breweries in the United States and another 1,500 are in the works. Their influence is spreading to Europe's great brewing nations, and to countries all over the globe. Beginning with Fritz Maytag, scion of the washing machine company, and Jack McAuliffe, a US Navy submariner who developed a passion for real beer while serving in Scotland, Hindy tells the story of hundreds of creative businesses like Deschutes Brewery, New Belgium,

Hindy also explores how Budweiser, Miller, and Coors, all now owned by international conglomerates, are creating their own craft-style beers, the same way major food companies have acquired or created smaller organic labels to court credibility with a new generation of discerning eaters and drinkers.
