Building a Culture of Innovation presents a practical framework that you can follow to design and embed a culture of innovation in your business.The six-step Innovation Culture Change Framework offers a structured process to make change stick, from assessing your organization's innovation-readiness to leading a managed change process that will foster innovation at each level. It includes case studies from international organizations which have shifted their focus to an innovation culture, including Prudential, Qinetiq, Octopus Investments, Cisco, Siemens, BrightMove Media, Waitrose and Feefo. Supported with downloadable resources, Building a Culture of Innovation is an essential read for business leaders and change implementation teams who want to place innovation at the heart of their business strategy.
