Take an adventure in education with the Magic School Bus, as the classtravels into a white light pinball machine to learn about colour and light.

THE MAGIC SCHOOL BUS PRESENTS THE PLANETS is a photographic nonfiction companion book to the original bestselling title, THE MAGIC SCHOOL BUS LOST IN THE SOLAR SYSTEM. LOST IN THE SOLAR SYSTEM taught thousands of kids about the planets, moons, stars, and everything else you'd want to know about outer space. MAGIC SCHOOL BUS PRESENTS THE PLANETS will expand upon the original title with fresh, updated, Common Core aligned content about the amazing planets in our solar system. With vivid full-color photographs on each page as well as illustrations of the beloved Ms. Frizzle and her students, the Magic School Bus Presents series will enthrall a whole new generation of Magic School Bus readers.

For use in schools and libraries only. Ms. Frizzle's class blasts off for another adventure to learn about light and color, but Ralphie, who is always late, becomes concerned when Ms. Friz announces that there will be relay races.

Children's Fiction.

When the class goes to Hawaii for their latest field trip, they think they're in for rest and relaxation. But when Wanda tries to save an endangered fish from a giant shark, it's Wanda that needs saving. Luckily, her own class learns something from a totally different type of school--fish.

Geraldine loves her baby blanket. Trouble is, she's no baby, and her blanket is old and tattered. "It looks silly," says her mother. "There's hardly any blanket left," says her father. But Geraldine refuses to part with her old friend. Will a new doll from Aunt Bessie at Christmas change her mind?

Reveals why things float or sink

Text and photographs follow Mrs. Kramer, a safe and careful bus driver, as she gets the children to school on time and brings them home again at the end of the day.

Carlos desperately wants a classroom pet and he's got the perfect idea-- a rat! But when Carlos can't stop sneezing, the class has to figure out what's going on, so they head straight to the source, his body!

Carlos and his classmates join Ms. Frizzle on an expedition to outer space where they learn about the solar system.
