Make better decisions - every day, everywhere! Decide and Conquer, Second Edition brings together all the practical skills you need to do just that. This quick, concise book identifies every key obstacle to quality decision-making and shows exactly how to overcome them. You'll discover how your personality impacts your decision-making, why instincts and experience can lead you astray, how to simplify complex decisions without oversimplifying them and much more. Renowned management author Dr. Stephen P. Robbins translates cutting-edge research findings about human behavior and decision-making into language anyone can understand - and act upon. In this Second Edition, he provides many new and updated examples, updated research, and new coverage, including these crucial new topics: Are you a Maximizer or a Satisficer - and what it means for your decision-making Overcoming the familiarity bias, adaptation bias, and fear-of-loss bias How to stop throwing good money after bad Knowing when doing nothing is your best option Accounting for gendered decision-making styles Decide and Conquer, Second Edition covers everything from goal-setting and risk-taking to overconfidence to procrastination, and offers indispensable insights for overcoming the multiple biases that are built into all human decision-makers. You'll use Robbins' powerful techniques to improve every decision you make - about your relationships, career, finances, everything!

The Truth About Managing People offers real solutions for the make-or-break problems faced by every manager. Readers will discover: how to overcome the true obstacles to teamwork; why too much communication can be as dangerous as too little; how to improve hiring and employee evaluations; how to heal layoff survivor sickness; even how to learn charisma. This isn't someone's opinion; it's a definitive, evidence-based guide to effective management: a set of bedrock principles to rely on throughout an entire management career. The Rules of Management: They're surprisingly easy to learn and live by. Now, Richard Templar's brought

them all together in one place. Templar covers everything from setting realistic targets to holding effective meetings; finding the right people to inspiring loyalty. Learn when and how to let your people think they know more than you (even if they don't) -- and recognize when they really do The first edition of The Rules of Management became a global phenomenon, topping bestseller charts around the world. This new, even better edition contains 10 brand new rules to take you further, faster. In Wired to Care, top business strategist Dev Patnaik tells the story of how organizations of all kinds prosper when they tap into a power each of us already has: empathy, the ability to reach outside of ourselves and connect with other people. When people inside a company develop a shared sense of what's going on in the world, they see new opportunities faster than their competitors. They have the courage to take a risk on something new. And they have the gut-level certitude to stick with an idea that doesn't take off right away. People are Wired to Care, and many of the world's best organizations are, too.
