As far as the town of Serendipity was concerned, six of the seven wonders of the world resided in the state of Georgia. As far as Celia Moon was concerned, she qualified as the seventh. A fierce and creative individual, she is used to raising eyebrows, and has always fought a rebellious battle against fulfilling the expectations of others. Serendipity-a tiny town of old-school conformists-breathed a collective sigh of relief the day that Celia donned a Picasso emblazoned T-shirt, a black lace skirt and teal velvet combat boots, packed up her art supplies, guitar and a half-written novel, mounted a second-hand motorcycle and disappeared down the interstate. Now Celia has returned to Serendipity, as wild and independent as she ever was, fighting hard to be herself in a place that still wants her to be like everybody else. Fresh from a whirlwind of international travel, Del Carrington is a successful designer who has come to Serendipity to care for her elderly grandfather. Turning her back on a life of high fashion and glamour, she soon discovers that in all her travels, she has never met anyone quite like Celia Moon. Leaving behind a past she wants to forget, Del comes to Serendipity driven by heartbreak and a painful secret. As time passes, she discovers that Celia has done the same. Can their hearts learn to trust one other enough to take a chance on love, and share the secrets that keep them apart? If they can, it will be a wonder.

Reproduction of the original: Three Wonder Plays by Lady Gregory

Mink is a witness, a shape shifter, compelled to follow the story that has ensnared Celia and her village, on the West coast of Vancouver Island in Nuu'Chahlnuth territory. Celia is a seer who – despite being convinced she’s a little “off” – must heal her village with the assistance of her sister, her mother and father, and her nephews. While mink is visiting, a double-headed sea serpent falls off the house front during a fierce storm. The old snake, ostracized from the village decades earlier, has left his terrible influence on Amos, a residential school survivor. The occurrence signals the unfolding of an ordeal that pulls Celia out of her reveries and into the tragedy of her cousin's granddaughter. Each one of Celia’s family becomes involved in creating a greater solution than merely attending to her cousin’s granddaughter. Celia’s Song relates one Nuu'Chahlnuth family’s harrowing experiences over several generations, after the brutality, interference, and neglect resulting from contact with Europeans.

Fans of Barbara Freethy, Susan Mallery, and Robyn Carr will love Barbara Samuel's award winning contemporary romances. Jezebel's Blues is a full length contemporary romantic novel. When the Jezebel River overflows her banks and tries to swallow the small town of Gideon in East Texas, Celia Moon is alone and frightened in the farmhouse she inherited from her grandmother. When a mesmerizing and troubled drifter washed up on her porch, she has no choice but to take him in. As the river rises, the pair retreat to the attic to ride out the storm--and discover a compelling attraction. The daughter of two artists who were besotted with each other, Celia has always felt the odd woman out. She yearns to find a place she can call her own, a family of her own, a life that has some stability and meaning. Her grandmother's farmhouse in Gideon has always represented that. Eric fled his grim childhood in Gideon to find a life as an acclaimed blues guitarist, but that life has been taken from him, too, and he's back in Gideon with a chip on his shoulder that hides the vast, hunger he, too, feels to find his place, his home, his life. Waiting out the storm with sunny, optimistic Celia, he wonders if maybe there's a place in Gideon for him after all, in the arms of a woman who might know more than she thinks about acceptance. A novel as rich and deep as a river, Jezebel's Blues is both a haunting love story and a tale of finding your way to accepting yourself.

Ranging from Victorian picture stories to Disney classics and contemporary works on environmental issues, pop-up and movable books have amused, enlightened, and entertained children and adults for almost 150 years. Although most movable books are designed primarily for children, a significant number of fiction and nonfiction titles are intended for adult readers. Despite their enormous popularity, they are rarely reviewed or included in lists of children's books, and are seldom purchased for circulating libraries. Many are unindexed. Montanaro identifies, indexes, and describes over 1,600 titles by publication date, personal names of contributors, and series titles.

Vols. 8-10 of the 1965-1984 master cumulation constitute a title index.
