Dr. James David Barber's well-known, provocative examination of who has the potential to be voted into the highest office in the land - and why - is being reissued as the newest addition to the "Longman Classics in Political Science" series. Arguing that patterns in a person's character, world view, and style can allow us to anticipate their performance as president, The Presidential Character offers explanations and predictions of the performance of presidents and presidential candidates. Drawing on historical, biographical, and psychological research, Dr. Barber hoped to help voters make judicious choices in determining the country's highest leaders. Revisiting this classic work in today's important presidential election season begs a reconsideration of Barber's probing and enduring query, "What should we look for in a president?"

Noted political scientist Benjamin Ginsberg has written an essential text for courses on the United States presidency. An invaluable resource, Ginsberg's comprehensive analysis emphasizes the historical, constitutional, and legal dimensions of presidential power. He explores the history and essential aspects of the office, the president's relationship to the rest of the executive branch and to a subordinated Congress, and the evolution of the American president from policy executor to policy maker. Compelling photo essays delve into topics of special interest, including First Spouses, Presidential Eligibility, and Congressional Investigations of the White House.
