Christmas Magic In Heatherdale by Abigail Gordon The cosy market town of Heatherdale is a refuge for paediatrician Melissa Redmond. Alone and penniless, her only hope is a once elegant Victorian house to restore and sell...much to the interest of her new neighbour – and new boss – Ryan Ferguson! Single dad Ryan is unsettled by his attraction to the vulnerable Melissa – his young daughters and his work are all he has time for. But as the falling snow and fairy lights turn Heatherdale into a place of magic, Ryan realises that all he wants for Christmas is Melissa. The Motherhood Mix-Up by Jennifer Taylor Mia Adams's life is turned on its head by the news that five years ago there was a mix-up at her IVF clinic – her adorable son is not hers! Meanwhile, her biological son has been raised single-handedly by handsome cardiac surgeon Leo Forester. With so much at stake sparks fly between the brooding surgeon and the feisty nurse, but when they're forced to spend time together for their boys' sakes, their uneasy attraction unfolds. Could this heartrending mistake turn them into a truly special family...?

Marry Me under the Mistletoe After single dad Rick Jenner and his little daughter stumble upon Andrea Fleming's toy shop one snowy evening, he can't get Andrea's beautiful eyes out of his head. But with Christmas coming up, he can't afford any distractions.

A Christmas to remember! The cosy market town of Heatherdale is a refuge for pediatrician Mia Redmond. But as the falling snow and fairy lights turn Heatherdale into a place of magic and wonder, Ryan realizes that all he wants for Christmas is Mia—in his arms!

"Heartbroken, Leonie Mitchell is throwing herself into her work. Saving her little patients in a new countryside hospital seems like the best way to deal with the loss of her baby and her relationship. But Leonie hasn't counted on her charismatic new boss, surgeon Callum Warrender. She can't deny her attraction to Callum, nor can she ignore the comfort she finds in his arms.... Could he be the key to healing this shy nurse's broken heart?" --back cover.

It Started with a Kiss

Life doesn't stop being complicated just because you're dead. In the old days, vampires were sexy, ruthless, and evil. They could, and would, compel the living to do whatever they wanted. They owned the night. Unfortunately, being undead in modern times has unexpected and disturbing challenges. Now nine authors take an amused, and sometimes grim look at the problems some vampires face in the twenty-first century. In "Thin White Duke in Sneakers," a newly turned environmental activist and confirmed vegan has some serious issues with his politically incorrect vampire diet. Family life is disrupted in "Uncle Dmitri" when the police suddenly want to know what kindly Uncle Dmitri might be doing at night besides driving a cab. A young artist in "Take My Breath Away" desperately seeks a real vampire to turn her into an immortal only to discover she will still need to get a job to pay her rent. In "The Face on the Coin," unlife is complicated by obsession, a vampire ghost, and time travel. "Farmer" is a tale of the far-future where humans may well be hunted off the face of the Earth. "Sunrise Decision" is the compelling story of a young marine in Fallujah who can only stop a murderous predator by making his own, personal life and death decision. In "They Shall Take Up Serpents," a predatory Revivalist preacher is brought to justice by a vampire and a cage full of snakes. In "Sale Season," intrigue and vampire romance haunt the art galleries of Europe while "Cursed Blood" asks the eternal question: Do you always have to bite the one you love? These authors were inspired to write by various TV shows, from Star Trek, Forever Knight, Buffy the Vampire Slayer (& Angel) to White Collar, Burn Notice, Vampire Diaries, Being Human, etc. and have made the leap from fanfiction to professional writing. All these stories are original universes.

Fairy Tales, Natural History and Victorian Culture examines how literary fairy tales were informed by natural historical knowledge in the Victorian period, as well as how popular science books used fairies to explain natural history at a time when 'nature' became a much debated word.
