and to share real-life examples. At the same time, he peppers the book with insights from leading edge science, including the science of emergence, chaos theory, quantum physics, field theory, spiral dynamics, and evolutionary science. Download the spiral dynamics charts Spiral Dynamics Chart and Spiral Dynamics by Don Beck. Written in language lay people can understand, The Emerging Church is filled with no-nonsense, realistic advice on the pitfalls and possibilities of following the vision of the emerging Christian way. Lisa London, The Accountant Beside You who brought you QuickBooks for Churches & QuickBooks for Nonprofits, explains the specialized needs of church accounting in an easy-to-understand manner for church administrators and volunteers. A CPA with decades of experience working with businesses as well as churches and other nonprofits, Lisa explains complex concepts in a reader-friendly, engaging manner.
