Assessments

The Race To The Top
(RTTP) federal
education policy

fostered a new
generation of state tests.

This policy advocated
adopting common core
standards which set a
higher level of learning
targets for students in

Bookmark File PDF Common

the US K-12 education.

These standards are intended to assess higher order thinking skills and prepare students ready for college and career. In the meantime, they are aligned with those for international assessments which keep US students abreast of their international peers. Furthermore, the new

Bookmark File PDF Common

generation of state tests requires the use of technology enhanced items to align student assessments with student learning environment. Computer technology is indispensable to accomplish this goal. Computer based tests related to common core standards are different from previous state

Bookmark File PDF Common

computer based tests in two important aspects, one is that the current version requires accurate assessment of students along all ability levels and the other is that it promotes the use of an efficient test delivery system, essentially the use of computerized adaptive assessment in K-12 state testing programs.

Bookmark File PDF Common

In addition to providing summative information about student learning, the new common core tests add formative assessment component in the whole assessment system to provide timely feedback to students and teachers during the process of student learning and teacher instruction. As with its predecessor, the new

Bookmark File

PDF Common

assessment policy also holds teachers and schools accountable for student learning. With the requirements by the new federal education policy, states formed two consortia:

Partnership for Assessment of Readiness for College and Careers (PARCC) and Smarter?Balanced Assessment Consortium

Bookmark File PDF Common

(SBAC) to develop assessments in alignment with the new common core standards. This book is based on the presentations made at the Thirteenth Annual Maryland Assessment Research Center's Conference on "The Next Generation of Testing: Common Core Standards, Smarter?Balanced,

Bookmark File PDF Common

PARCC, and the
Nationwide Testing
Movement”. Experts
from the consortia and
nationwide overviewed
the intention, history
and the current status of
this nationwide testing
movement. Item
development, test
design, and transition
from old state tests to
the new consortia tests
are discussed. Test

Bookmark File
