Computerized Financial Management introduces Finance Professionals to computerized financial management applications used in the decision-making process. They learn to use computerized Accounting systems with application of financial accounting knowledge to generate Financial data. Areas such as Analysis, financial statement ratio analysis and budget forecast preparation are also covered in ...

In Finance-Led Capitalism , bestselling author and economist Robert Guttman provides a new conceptual framework to assess the dominate role of modern finance within the workings of our contemporary economic system. This lively and provocative read will challenge some of the core beliefs about modern finance and the world economy.

Financial Accounting and Reporting is the most up to date text on the market. Now fully updated in its fourteenth edition, it includes extensive coverage of International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS). This market-leading text offers students a clear, well-structured and comprehensive treatment of the subject. Supported by illustrations and exercises, the book provides a strong balance of theoretical and conceptual coverage. Students using this book will gain the knowledge and skills to help them apply current standards, and critically appraise the underlying concepts and financial reporting methods.
