do to men ” (Lau V: XI). In other words do onto others what you would like to be done to you. That is that one of the central ideas of Confucianism, which can teach men to be a gentleman or Nobel person.

The Golden Rule Of Confucianism - 747 Words | Cram

“ Self-reflection ” (shu) is explained by Confucius as a negatively-phrased version of the “ Golden Rule ” : “ What you do not desire for yourself, do not do to others. ” (15.24) When one reflects upon oneself, one realizes the necessity of concern for others.

Access Free Confucius The Golden Rule

Discusses the life and teachings of the famous Chinese philosopher Confucius.

The Golden Rule: treat others as you would like to be treated. This ethical dictum is a part of most of the world's religions and has been considered by numerous religious figures and philosophers over the centuries. This new collection contains specially commissioned essays which take a fresh look at this guiding principle from a comparative perspective. Participants examine the formulation and significance of the Golden Rule in the world's major religions by applying four questions to the tradition they consider: What does it say? What does it mean? How does it work? How does it matter? Freshly

examining the Golden Rule in broad comparative context provides a fascinating account of its uses and meaning, and allows us to assess if, how and why it matters in human cultures and societies.

This edition goes beyond others that largely leave readers to their own devices in understanding this cryptic work, by providing an entrée into the text that parallels the traditional Chinese way of approaching it: alongside Slingerland's exquisite rendering of the work are his translations of a selection of classic Chinese commentaries that shed light on difficult passages, provide historical and cultural context, and invite the reader to ponder a range of interpretations. The ideal student edition, this volume also

includes a general introduction, notes, multiple appendices--including a glossary of technical terms, references to modern Western scholarship that point the way for further study, and an annotated bibliography.

An introduction to the life and teachings of Confucius, the great Chinese philosopher.

It is commonly accepted that the golden rule—most often formulated as "do unto others as you would have them do unto you"—is a unifying element between many diverse religious traditions, both Eastern and Western. Its influence

Access Free Confucius The Golden Rule

also extends beyond such traditions, since many non-religious individuals hold up the golden rule as central to their lives. Yet, while it is extraordinarily important and widespread, the golden rule is often dismissed by scholars as a vague proverb that quickly leads to absurdities when one attempts to formulate it in clear terms. In this book, Harry J. Gensler defends the golden rule and addresses all of the major philosophic objections, pointing out several common misunderstanding and misapplications. Gensler first discusses golden-rule reasoning and how to avoid the main pitfalls. He then relates the golden rule to world religions and history, and to areas like moral education, egoism, evolution, society, racism, business, and medicine. The book ends with a discussion of theoretical issues (like

Access Free Confucius The Golden Rule

whether all morality reduces to the golden rule, which the author argues against). Ethics and the Golden Rule offers two introductory chapters, the first is simpler and the second more technical; a reader may start with either or both. One can then read any combination of further chapters, in any order, depending on one's interests; but Chapters 13 and 14 are technical and assume one has read Chapter 2. This is "a golden-rule book for everyone," accessible to a wide readership.

The life story of Confucius, ancient Chinese teacher, politician, and philosopher known for his popular aphorisms (concise statements of wisdom), his emphasis on education and study, and his models of government and social

interaction.

Christianity and Confucianism: Culture, Faith and Politics, sets comparative textual analysis against the backcloth of 2000 years of cultural, political, and religious interaction between China and the West. As the world responds to China's rise and China positions herself for global engagement, this major new study reawakens and revises an ancient conversation. As a generous introduction to biblical Christianity and the Confucian Classics, Christianity and Confucianism tells a remarkable story of mutual formation and cultural indebtedness. East and West are shown to have shaped the mind, heart, culture, philosophy and politics of the other - and far more, perhaps, than either

knows or would want to admit. Christopher Hancock has provided a rich and stimulating resource for scholars and students, diplomats and social scientists, devotees of culture and those who pursue wisdom and peace today.

Confucius is one of the most humane, rational, and lucid of moral teachers, concerned not with arcane metaphysics but with practical issues of life and conduct. What is virtue? What sort of life is most conducive to happiness? How should the state be ruled? What is the proper relationship between human beings and their environment? In this classic translation of *The Analects* by Arthur Waley, the questions Confucius addressed two and a half millennia ago remain as relevant as ever. (Book Jacket Status: Jacketed)
