The latest edition of the leading guide to consulting engagement pricing, from the " Rock Star of Consulting " Alan Weiss In the newly revised Third Edition of Value-Based Fees: How to Charge – and Get – What You ' re Worth, best-selling author, speaker and renowned consultant Dr. Alan Weiss delivers a thoroughly updated guide to proposing, and receiving, consistently high fees that are based on the value you deliver to each client you serve. The author walks you through the many reasons that time-and-materials pricing models are outdated and inadequate and how to convert existing clients to your new value-based fee model. He also discusses fundamental new developments in consulting, including the remote delivery of services, the waning market power of the consulting giants, economic globalization, and the shift from project work to advisory work. Among the step-by-step techniques and strategies provided in the book, you ' ll find: How to establish value-based fees, including determining your unique value and creating a " good deal " dynamic How to create, capitalize on, and market to trusted advisor relationships How to implement fee increases immediately, prevent and rebut fee objections, create consulting products, and explore lucrative new fields Perfect for newcomers to the consulting field as well as time-tested veterans, Value-Based Fees is an indispensable guide for every solo consultant, entrepreneur, and small consulting firm.

Whether yours is a small one-person hop or a large mega-consulting powerhouse, the revised edition of The Consultant's Scorecard helps you move past the same old promises and provide cold, hard proof of success--which you must offer if you want to compete in today's fiercely competitive and fast-growing consulting industry. Jack and Patti Phillips have fully updated their authoritative work to put you in the best possible position to sell your services to clients who demand proof of unmistakable financial value. On the flipside, this book helps clients determine the validity of prospective consultants' promises and track progress after hiring. The Consultant ' s Scorecard offers simple data collection techniques for measuring the value of a project in six key areas: Client satisfaction New knowledge and skills acquired by the client Successful project implementation Business unit impact Return on investment Intangible benefits In addition to enabling you to measure your contribution, this process provides a framework you can use to focus on results throughout the consulting intervention. The key concept in any consulting project today is "accountability." Senior managers are being held more and more accountable for the consulting fees they pay out--so they're requiring more accountability from consultants. The Consultant's Scorecard helps both parties involved in the process form rocksolid measurements of the value of any project. PRAISE FOR THE PREVIOUS EDITION OF THE CONSULTANT ' S SCORECARD: "Jack Phillips's unique approach to measuring the return on investment of consulting makes The Consultant's Scorecard a must-read for anyone involved in the consulting process." -- Stephen R. Covey, author of the bestseller The 7 Habits of Highly Effective People Consulting clients are demanding more and more assurance that the large fees they pay will bring measurable results to their organizations. The Consultant's Scorecard is the tool you need to create effective impact and ROI statements for every project proposal you submit. Consultants and ROI experts Jack and Patti Phillips show how to measure and report value, results, and impact to dramatically expand your business. The Consultant's Scorecard includes: Examples of successful projects Important trends and timely issues Downloadable tools provided online Expansive self-assessment checklist Templates for easy use

Selling can be uncomfortable for professional business consultants and executive coaches. The two biggest problems are generating more qualified leads, and turning those leads into actual paying clients. Taking traditional beliefs about how best to "sell" and turning them completely upside down, author Jay Niblick rewrites the sales playbook for the consulting and coaching industry. His proven five-step sales process is specifically designed for independent business consultants and coaches, serving as a common set of rules to grow their practice, deliver more value and generate more revenue. The Profitable Consultant delivers a suite of ready-to-launch tools that will automate readers ' marketing efforts, so they can focus more time delivering revenue-generating services -- to even more clients.

Management consulting remains a popular career choice but undertaking a consulting project for the first time can seem daunting for the student or new professional. This book, now in its fifth edition, aims specifically to guide students through the consultancy process, while also giving tips and techniques to the more seasoned practitioner. This is delivered from the accumulated knowledge and insight of the authors and contributors, who all have been consultants. This fifth edition has been thoroughly revised to reflect today ' s dynamic business environment. The impact of new digital technologies on consulting and business in general, and the use of evidence, gained through studies on consulting, are considered. It provides a careful balance between theory and practice and is ideal for anyone who is undertaking a consulting project. Key features A comprehensive introduction to the best practice in conducting a consulting project. Key insights into how best to tackle the challenges that arise. Case studies from across a wide range of industries at the end of each chapter and a long case study running throughout the book. Help in choosing and developing a career in consultancy. Extensive references and further reading to underpin a student ' s knowledge. New to this edition Further links to theories developed in other courses such as strategy and management. In the Preface, several ' pathways ' are provided for the different types of project a student may be required to undertake, taking into account their academic level and previous experience. Throughout the chapters, the key ideas are highlighted to aid the reader in navigating the book. New case exercises, based on real consulting projects, to put tools and techniques into practice, including a new long case study on a strategic review for a company. Louise Wickham is the Director of Wickham Consulting Services Ltd and a practising consultant specialising in strategy and marketing. She has over 30 years business experience, both within companies and as a consultant, working for a wide range of consumer-facing businesses and the not-for-profit sector. Jeremy Wilcock is the Business Engagement Manager at the Business School, University of Hull. He has 27 years industrial experience with a major multi-national where he worked on numerous internal consultancy projects. He has lectured regularly in strategic management and business analysis at undergraduate and postgraduate level, and has supervised student consulting projects.
