The king of the dinosaurs, Dinosaur Roar, had a roar that no creature could ever ignore. The wonderful rhyming text written by award-winning author Jeanne Willis, introduces Dinosaur Roar and various other dinosaur characters in a story suitable for the very youngest children. Very funny, and great to read aloud, Dinosaur Roar! The Tyrannosaurus rex has been approved by Dr Paul Barrett of the Department of Earth Sciences at the Natural History Museum in London, and the book contains a spread of simple dinosaur facts and a pronunciation guide. This is the first book in The World of Dinosaur Roar! series, a collectable series of preschool books created by Peter Curtis and produced in association with the Natural History Museum in London. Inspired by the classic picture book, Dinosaur Roar! by Paul Stickland and Henrietta Stickland, this colourful series introduces a range of authentic dinosaur characters to very young children.

When Charles Darwin published The Origin of Species in 1859, he forever altered the way people looked at their place in the world humans were just

another animal species that evolved from more primitive life forms. After graduating college, Charles was hired as a naturalist aboard the HMS Beagle where he would collect the specimens he would use to make the case for biologic evolution through natural selection. By the time he returned to England in 1836 he was a celebrity, but it would be more than 20 years before he published his groundbreaking work. Darwin s theory ultimately helped Richard Owen solve the riddle of the enormous fossils found all over the world they were not dragon bones of lore, but the remnants of extinct species that once inhabited the earth. Darwin and the True Story of the Dinosaurs is a fast-paced, entertaining biography of the naturalist who changed humankind s understanding of its origins. In addition to its lively story, it includes 220 illustrations, a glossary, and sidebars covering related topics, from fossils to continental drift to medicine in the 19th century."

A prequel comic from Netflix' award-winning series, delving into the mysterious workings of Project MKUltra and the weird science that opened the door to the Upside Down. Francine, a teenage girl with precognition, has struggled through a lifetime of exploitation: first by her parents, then by Dr. Brenner of Hawkins Laboratory. Dr. Brenner wants to harness her powers as well as those of the other gifted children that they hold captive at the lab. Wracked by increasingly disturbing visions, she sees an opportunity for her and all the children to escape. But at what cost? From the pen of Jody Houser (Faith, CMYK: Magenta, Max Ride: Ultimate Flight) and featuring art from Edgar Salazar and Keith Champagne (Black Panther), Stranger Things comics is essential reading for fans of the hit Netflix series as well as fans of the urban fantasy and horror genres in general. Collects Stranger Things II issues #1-4.
