Being raised in an alcoholic home I find that the daily readings of Courage to Change are much more suitable for my situation as compared to One Day at a Time in Al-Anon (commonly referred to as ODAT). From what I remember, the focus of ODAT seemed to be dealing with active alcoholism.

But where there's a will, there's a way, as Irene proves in the danger-fraught adventure that follows. This is a book about Courage and Patriotism. It tells the dramatic stories of a number of American politicians of various political and regional allegiances whose one overriding loyalty was to the United States and to the right as God gave them to see it. They range from born aristocrats to self-made men. Some are well-known, some almost forgotten. But all of them, in the face of dreadful consequences, exhibited a special kind of greatness. These stories about them remind us sharply that there is, in addition to a courage with which men die, a courage by which men must live. -Print Ed.

Written in 1955 by the then junior senator from the state of Massachusetts, John F. Kennedy's Profiles in Courage served as a clarion call to every American. The inspiring true accounts of eight unsung heroic acts by American patriots at different junctures in our nation's history, Kennedy's book became required reading, an instant classic, and was awarded the Pulitzer Prize. Now, a half-century later, it remains a moving, powerful, and relevant testament to the indomitable national spirit and an unparalleled celebration of that most noble of human virtues. This special "P.S." edition of Profiles in Courage commemorates the fiftieth anniversary of the book's publication. Included in this new edition, along with vintage photographs and an extensive author biography, are Kennedy's correspondence about the writing project, contemporary reviews of the book, a letter from Ernest Hemingway, and two rousing speeches from recipients of the Profile in Courage Award.

Drawing on interviews and an array of scholarly work, Beth Daniell maps out the relations of literacy and spirituality in A Communion of Friendship: Literacy, Spiritual Practice, and Women in Recovery. Daniell tells the story of a group of women in " Mountain City" who use reading and writing in their search for spiritual growth. Diverse in socioeconomic status, the Mountain City women are, or have been, married to alcoholics. In Al-Anon, they use literacy to practice the Twelve Steps of Alcoholics Anonymous in order to find spiritual solutions to their problems. In addition, Daniell demonstrates that in the lives of these women, reading, writing, and speaking are intertwined, embedded in one another in rich and complex ways. For the women, private literate practice is of the utmost importance because it aids the development and empowerment of the self. These women engage in literate practices in order to grow spiritually and emotionally, to live more self-aware lives, to attain personal power, to find or make meaning for themselves, and to create community. By looking at the changes in the women' s reading, Daniell shows that Al-Anon doctrine, particularly its oral instruction, serves as an interpretive tool. This discussion points out the subtle but profound transformations in these women' s lives in order to call for an inclusive notion of politics. Foregrounding the women' s voices, A Communion of Friendship addresses a number of issues important in composition studies and reading instruction. This study examines the meaning of literacy within one specific community, with implications both for pedagogy and for empirical research in composition inside and outside the academy.

You are at your most uncool now age spotted, raggedy, not giving a shit, saucy, insouciant, real, crackly and juicy at once. -from "Crackly and juicy" Birth of the Cool, a compilation album by jazz great Miles Davis, was released in 1957, the year before I was born. That album defined "cool jazz": elegant, distant, hip, and stylish. Davis and his eight compusicians made it all look so easy. From the time I was very young, I was trying to be as cool as Davis's jazz: aloof, intellectual, desired, mysterious, alluring, and perfect. Only in my fifties did I understand that I had to relinquish this striving and rebirth the uncool parts of me-those bits that are sentimental, awkward, and vulnerable. This book is an eclectic and uncoolly accessible collection of musings on motherhood, childhood, recovery, faith, and love.
