Companies today face a dilemma in marketing. The tried-and-true formulas to create sales and market share behind brands are becoming irrelevant and losing traction with consumers. In this book, Gerzema and LeBar offer credible evidence--drawn from a detailed analysis of a decade's worth of brand and financial data using Y&R's Brand Asset Valuator (BAV), the largest database of brands in the world--that business is riding on yet another bubble that is ready to burst--a brand bubble. While most managers still see metrics like trust and awareness as the backbone of how brands are built, Gerzema asserts they're dead wrong--these metrics do not add to increased asset value. In fact, by following them, they actually hasten the declining value of their brands. Using a five-stage model, *The Brand Bubble* reveals how today's successful brands--and tomorrow's--have an insatiable appetite for creativity and change. These brands offer consumers a palpable sense of movement and direction thanks to a powerful "energized differentiation." Gerzema reveals how brands with energized differentiation achieve better financial performance than traditional brands have. Plus, Gerzema helps readers develop energized differentiation in their own brands, creating consumer-centric and sustainable organizations.

decades is destroyed in a day? In the court of public opinion, you're rarely innocent until proved guilty, and your enemies don't have to play by the rules. Any misstep can blow up into a worldwide embarrassment on Facebook and Twitter, land on the front page of the New York Times, and bring down a CEO, a business, or a celebrity. You need a smart strategic response. You need Mike Sitrick. In this book, Sitrick reveals the secrets that have made him America's preeminent crisis communications expert. You'll see how the PR legend and his team guided clients like the estate of Michael Jackson and Papa John's Pizza through the media-fueled fires of scandal, while helping others, like Roy Disney and the filmmakers who exposed the Russian Olympic doping scandal, achieve justice. You'll learn Sitrick's Ten Rules of Engagement and his thoughts on "no comment," social media, public apologies, and more. The question isn't whether you'll face a crisis one day, especially if you are at the top of your game. The question is what will you do when crisis comes? Don't let a lie get repeated until it's "fact," festering forever on Google. Don't let a damaging truth, stripped of nuance and context, damage your reputation forever. Follow the Fixer.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

off, David considers using the water in a vase of flowers and his chain of associations takes him from the French countryside to a hilariously uncomfortable memory of buying drugs in a mobile home in rural North Carolina. In essay after essay, Sedaris proceeds from bizarre conundrums of daily life--having a lozenge fall from your mouth into the lap of a fellow passenger on a plane or armoring the windows with LP covers to protect the house from neurotic songbirds--to the most deeply resonant human truths. Culminating in a brilliant account of his venture to Tokyo in order to quit smoking, David Sedaris's sixth essay collection is a new masterpiece of comic writing from "a writer worth treasuring" (Seattle Times). Praise for *When You Are Engulfed in Flames*: "Older, wiser, smarter and meaner, Sedaris...defies the odds once again by delivering an intelligent take on the banalities of an absurd life." --Kirkus Reviews This latest collection proves that not only does Sedaris still have it, but he's also getting better....Sedaris's best stuff will still--after all this time--move, surprise, and entertain." --Booklist
