Four-time New York Times bestselling author Gary Vaynerchuk offers new lessons and inspiration drawn from the experiences of dozens of influencers and entrepreneurs who rejected the predictable corporate path in favor of pursuing their dreams by building thriving businesses and extraordinary personal brands. In his 2009 international bestseller *Crush It*, Gary insisted that a vibrant personal brand was crucial to entrepreneurial success. In *Crushing It!*, Gary explains why that's even more true today, offering his unique perspective on what has changed and what principles remain timeless. He also shares stories from other entrepreneurs who have grown wealthier—and not just financially—than they ever imagined possible by following *Crush It* principles. The secret to their success (and Gary's) has everything to do with their understanding of the social media platforms, and their willingness to do whatever it took to make these tools work to their utmost potential. That's what *Crushing It!* teaches readers to do. In this lively, practical, and inspiring book, Gary dissects every current major social media platform so that anyone, from a plumber to a professional ice skater, will know exactly how to amplify his or her personal brand on each. He offers both theoretical and tactical advice on how to become the biggest thing on old standbys like Twitter, Facebook, YouTube, Instagram, Pinterest, and Snapchat; podcast platforms like Spotify, Soundcloud, iHeartRadio, and iTunes; and other emerging platforms such as Musical.ly. For those with more experience, *Crushing It!* illuminates some little-known nuances and provides innovative tips and clever tweaks proven to enhance more common tried-and-true strategies. *Crushing It!* is a state-of-the-art guide to building your own path to professional and financial success, but it's not about getting rich. If this were 1923, this book would have been called "Why Radio Is Going to Change the Game" . . . If it were 1995, it would be "Why Amazon Is Going to Take Over the Retailing World" . . . The Thank You Economy is about something big, something greater than any single revolutionary platform. It isn't some abstract concept or wacky business strategy—it's real, and every one of us is doing business in it every day, whether we choose to recognize it or not. It's the way we communicate, the way we buy and sell, the way businesses and consumers interact online and offline. The Internet, where the Thank You Economy was born, has given consumers back their voice, and the tremendous power of their opinions via social media means that companies and brands have to compete on a whole different level than they used to. Gone are the days when a blizzard of marketing dollars could be used to overwhelm the airwaves, shut out the competition, and grab customer awareness. Now customers' demands for authenticity, originality, creativity, honesty, and good intent have made it necessary for companies and brands to revert to a level of customer service rarely seen since our great-grandparents' day, when business owners often knew their customers personally, and gave them individual attention. Here renowned entrepreneur Gary Vaynerchuk reveals how companies big and small can scale that kind of personal, one-on-one attention to their entire customer base, no matter how large, using the same social media platforms that carry consumer word of mouth. The Thank You Economy offers compelling, data-driven evidence that we have entered into an entirely new business era, one in which the companies that see the biggest returns won't be the ones that can throw the most money at an advertising campaign, but will be those that can prove they care about their customers more than anyone else. The businesses and brands that harness the word-of-mouth power from social media, those that can shift their culture to be more customer-aware and fan-friendly, will pull away from the pack and profit in today's markets. Filled

with Vaynerchuk's irrepressible candor and wit, as well as real-world examples of companies that are profiting by putting Thank You Economy principles into practice, The Thank You Economy reveals how businesses can harness all the changes and challenges inherent in social media and turn them into tremendous opportunities for profit and growth.

Fraser Doherty's 48-Hour-Start-Up is a handy and essential cheat sheet to starting your own business giving the key steps for developing an idea and getting it to market quickly.
