The Wall Street Journal called "prodigy, enfant terrible, founder of agencies, creator of legends," each step is borne from a passion to succeed and a disdain for the status quo. Organised into inspirational, bite-sized pointers, each page offers fresh insight into the sources of success, from identifying your heroes to identifying yourself. The ideas, images and illustrations presented in this book are fresh, witty and in-your-face. Whether it's communicating your point in nanosecond, creating an explosive portfolio or making your presence felt, no one is better placed than George Lois to teach you the process of creativity. Poignant, punchy and to-the-point, Damn Good Advice (For People With Talent!) is a must have for anyone on a quest for success.

" It's Not How Good You Are, It's How Good You Want to Be is a handbook of how to succeed in the world: a pocket bible for the talented and timid alike to help make the unthinkable thinkable and the impossible possible. The world's top advertising guru, Paul Arden, offers up his wisdom on issues as diverse as problem solving, responding to a brief, communicating, playing your cards right, making mistakes, and creativity - all endeavors that can be applied to aspects of modern life. This uplifting and humorous little book provides a unique insight into the world of advertising and is a quirky compilation of quotes, facts, pictures, wit and wisdom - all packed into easy‐to‐digest, bite‐sized spreads. If you

want to succeed in life or business, this book is a must. "

Gives advice for how to achieve success, advocating risk-taking and entrepreneurial thinking by presenting examples of people who made unique decisions that paid off.

Covers organizing and writing a speech, gives tips on effective speaking, and includes openings, quotations, and anecdotes to use in speeches.

From the bestselling author of *The Radical Leap* and *Greater Than Yourself* comes the first book to directly address love as a hard-core business principle that generates measurable results. It's time to toss aside the touchy-feely notions of love in business and acknowledge the real power that it holds. Love is not only appropriate in the context of business, it's the foundation of great leadership. To put it bluntly: love is just damn good business. That's the simple but profound truth that leadership consultant Steve Farber has discovered in his extensive work with Fortune 100 companies and other successful businesses. His game-changing approach to love as a practical business strategy will help you to:

- Identify your passions—and share them with others
- Create a culture of love at work—and spark innovation, productivity, and joy
- Serve your customers, so they love how you treat them—and have them coming back for more
- Invest time in making personal connections—that are mutually rewarding
- Focus on serving the needs of

others—they're going to love it • Do what you love—and make it your business, so others love it, too The proven principles you'll find in this book will help you lay the groundwork for a thriving, competitive enterprise. When love is part of your organization's framework and operationalized in its culture, employees and customers feel genuinely valued. Employees who are passionate about the work that they do are more loyal, innovative, creative, and inspired, and that translates to great customer experience. They don't serve others out of obligation, but because of a genuine desire to improve people's lives. And when customers reciprocate by loving your products, your services, and your people, that's when something great happens. That's when you get loyalty. That's when you get raving fans. It's a refreshingly human way of doing business. In addition to Farber's field-tested strategies, you'll find inspiring case studies from a wide range of industries and leaders, revealing self-assessment quizzes, and practical pointers on how to build a corporate culture based on love, the ultimate competitive advantage. At the end of the day, it's just damn good business.

In this highly-accessible self-help book Big Issue founder John Bird explains his seven simple rules that could help you change your life. Whether you want to get a new job, quit smoking, stop drinking or go back to college, *How to Change Your Life in 7 Steps* explains how you can take what you've been given and turn it into something you'll be proud of, rather than spend your life wishing for everything you haven't got. For 99% of us life doesn't come knocking on the door; you have to

go out and get it. But the trouble with aiming for the stars is that you're likely to end up in the gutter. John Bird has learnt through his work with the homeless that if you start by putting just 3% of your energy towards your final goal rather than a gutter-hitting 99% you will eventually make the changes you are looking for. John's six other rules are as straightforward as this first one, 'Start With 3%'. He writes with passion about the dangers of thinking like a victim and of not telling the truth; he shares with us the importance of thinking for yourself and never putting others down, and he encourages us not to define our successes by the failures of others and to recognise our own achievements. Written in his unique no-nonsense style this is a book about 'cutting through the bullshit and making the most of what you have.'

Addresses the nature of human religious belief in a series of vignettes and questions that explore humankind's relationship to the divine, from ancient times to the present, in the context of a taxi ride.

Even if you don't realize it, Lois has probably affected your buying habits. From the man who created "I want my MTV", here are inside tips on creating great advertising and marketing techniques. In today's saturated media environment, Lois shows how to get your message heard, noticed, and remembered. Photographs throughout.
