Eden provides little concrete evidence for his hypotheses that Russia has merely entered a “peaceful coexistence” with USA to gain an advantage in the Cold War arms race. The document B, C and D all have major limitations in explaining Russian policy towards the West during the 1950s however by comparing the different point of view and by using our own knowledge we can construct a theories explaining the change of Russian policy towards the West during the 1950s.

Contributors present trustworthy approaches that examine learning processes as well as learning products, that yield information on how the learning environment can be improved, and that are conducted in the context of authentic reading and writing activities. The volume provides workable, nuts-and-bolts ideas for incorporating assessment into instruction in all major literacy domains and with diverse learners, including students in high-poverty schools and those with special learning needs. It is illustrated throughout with helpful concrete examples.

This comprehensive collection of carefully edited documents—speeches, treaties, statements, and articles—traces the rise and fall of the Cold War. The sources follow the Cold

File Type PDF Document Based Questions The Cold

War from its roots in East–West tensions at the end of World War II to the collapse of the Soviet Union in 1991. Set in historical context by the editors' concise introductions and followed by thoughtful discussion questions, the documents are arranged in chronological order, starting with the Yalta Conference and ending with Gorbachev's resignation speech. Drawing on selections from a variety of countries and leaders involved in this prolonged global struggle, the editors treat the entire Cold War as an era in world history, not just U.S. history. Their judicious selection makes the great events of the time come alive through the words and phrases of those who were actively involved.

Enhances the world history curriculum
