The true story of Greenpeace activists imprisoned in Russia—and the fight to free them: “A gripping story of tremendous courage that reads like a thriller” (Naomi Klein). “The most important prison motto is hope for the better, but every moment, literally every moment, be prepared for the worst. Don’t hope, don’t fear, don’t beg.”

“Roman Dolgov, one of the Arctic 30

With rising temperatures, a military arms race, and a multi-national rush to exploit resources at any cost, the Arctic is now the stage on which our future will be decided. As the ice melts, Vladimir Putin orders Russia’s oil rigs to move further north.

But one early September morning in 2013, thirty men and women from eighteen countries—the crew of Greenpeace’s Arctic Sunrise—decided to draw a line in the ice and protest Arctic drilling. Thrown together by a common cause, they are determined to stop Putin and the oligarchs. But their protest is met with brutal force as Russian commandos seize the Arctic Sunrise. Held under armed guard by masked men, they are charged with piracy and face fifteen years in Russia’s nightmarish prison system. Journalist and activist Ben Stewart spearheaded the campaign to release the Arctic 30. Now he tells their astonishing story—a tale of passion, courage, brutality, and survival. With wit, verve, and candor, Stewart chronicles the extraordinary friendships the activists made with their often murderous cellmates, their battle to outwit the prison guards, and the struggle to stay

true to the cause that brought them there. □With its colorful dialogue, moral dilemmas, and scenes of physical danger, Stewart's book would make a great movie . . . the prison life the book reveals is eye-opening, and Stewart describes it with great verve. □Foreign Affairs

Scholars have long seen trust as a foundational social good. We therefore have ample studies on building trust in free markets, on cultivating trust in the state, and on rebuilding trust through civil society. The contributors to this volume, instead, take a step back. They ask: Can mistrust ever be more than the flip side of trust, more than the sign of an absence or failure? By looking ethnographically at what a variety of actors actually do when they express mistrust, this volume offers a richly empirical trove of the social life of mistrust across a range of settings.

A Man. A Mission. GREENPEACE
CAPTAIN PETER WILLCOX has been a Captain for Greenpeace for over 30 years. He would never call himself a hero, but he is recognized on every ocean and continent for devoting his entire life to saving the planet. He has led the most compelling and dangerous Greenpeace actions to bring international attention to the destruction of our environment. From the globally televised imprisonment of his crew, the "Arctic 30," by Russian Commandos to international conspiracies involving diamond smuggling, gun-trading and Al-Qaeda, Willcox has braved the unimaginable and triumphed. This is his story--which begins when he was a young man sailing with Pete Seeger and continues right up to his becoming the

They say fear is "False Evidence Appearing Real." I beg to differ. I don't believe there is evidence of anything when it comes to fear. We may make up the evidence in our own mind, but I'm here to tell you that the actual definition of fear is "Faith Erases Anxious Reactions." When you have faith and/or desire, it trumps any fears you have. You will confront anything

if you have 100% faith in your abilities or if your desire to do it is strong. Nothing will stop you. So, what if you were able to TURN your fear into faith? How would that change your life? In *The Year of Fears* I share the story of how I turned my fears into faith and desire and completely turned my life around. I woke up the morning of January 1, 2015, after having just started a journey of self-discovery, and said to myself, "What can I do differently this year that will change my life?" It hit me like a ton of bricks. I said (to myself), "You are going to confront one fear every day this year." Yep, that's exactly how it happened. I had no idea what was in store, but I knew I needed to change my life in a big way. The majority of my life I had been protected and I had a lot of fears stored up. Finding 365 fears wasn't going to be a challenge at all because I was pretty sure I had more than

Online Library Don T Trust Fear Beg

that. The 7 biggest lessons I learned through my journey are listed in this book and I hope my lessons serve you well. I will tell you this, the best thing that came out of me facing my fears head on for one full year is that I became numb to fear. I have discovered the secret to confronting fears painlessly and with ease. My life has definitely changed since that January morning in 2015 and I'm so glad I decided to do it AND actually went through with it. I didn't let fear stop me, and I am here to help you not let your fear stop you. Fear is debilitating. Fear holds us back from attaining the success we want. Fear is a life-stealer. What if I were to tell you that you can get more out of your life by confronting your fears? What if I were to tell you that fear is all that is stopping you from becoming all that you can be? Some very common fears (you are NOT alone) include, but are not limited to: -fear of

rejection -fear of success -fear of failure
-fear of judgment (this used to be my
biggest fear) -fear of speaking on stage
-fear of the future -fear of money (or lack
thereof) -fear of homelessness -fear of
starting -fear of technology -fear of
sounding stupid What is one thing you can
do today that you are afraid of doing, but
you know you need to do in order to
change your life? Now get out there and
do it!

Caught up in a triangle with women, the
streets, and God, who will Sincere allow to
win? His heart, his mind, or his pockets?
It's no easy walk, but as Sincere wars with
himself to make the biggest decision he
will ever make, he is left to do it alone.
