"This book gives you the simple steps to jump ahead of your peers in the critical first years at a new job. A refreshing, action oriented guide to what you need to do to succeed. A must read for any college student heading into the real world." -- JAMES MALINCHAK --Co-Author, Chicken Soup for the College Soul -- "2-Time College Speaker of the Year" -- Founder, www.BigMoneySpeaker.com // If you are a recent college graduate entering the business world and you want to race up the corporate ladder, earn more money, and still have time for fun! Then this book is for you. // From the Dorm Room to the Boardroom will tell you: (1) What to focus on to be first in line for the big promotion and why just doing a great job in your position will not get you promoted. (2) How you can show measurable value to the company to guarantee a bigger bonus or raise. (3) How to describe your achievements so your manager uses your words in the yearly review. (4) Why meeting new people is one of the most important skills you need to learn NOW. (5) How to prioritize your time so you complete the most important tasks that make you successful. -- and much more. // MARK HOMER has been called "every graduates first mentor." He is often asked to speak at colleges and corporations on the topic of transitioning from college to the business world. He learned and practiced the ideas in this book during 15 years as a leader and executive in the corporate world. He has mentored hundreds of young professionals during that time. He created these 6 steps when he saw first hand the struggle even the best college graduates have in transitioning to the business world.

War room to Board room is a well-organized collection containing over 50 leadership techniques used by West Pointers who developed their leadership skills as top officers in the military and now apply these same techniques in business. Now as Chairman ' s and CEOs, Medical Executive Doctors, Business Executives, Inventors and Founders of Companies built on Innovation, Combat Aviators, and current senior public executives offer their leadership lessons that helped them along the way. Each lesson told as a story when they learned it, then captured again at the end of the chapter with all lessons summarized at the end of the book for easy reference. A useful leader handbook to keep nearby on every business leader ' s desk. " Very useful for leaders in any environment: business, military, church group efforts, sports, volunteer projects... Any place there is a group to be led, universal lessons that apply from war room to boardroom." (Alex Gorsky, Chairman and Chief Executive Officer, Johnson & Johnson, West Point—Warrior Class) " Several war room to boardroom leadership examples included—a great read." (Mike Durant, President and Founder, Pinnacle Solutions Inc., Author of In the Company of Heroes, Combat Aviator—Black Hawk Down) " Excellent Leadership Lessons inside. War Room to Boardroom gets my vote!" (Delvin Sullivan, Entrepreneur and Philanthropist, Author, of The Wealthy Child, Iraqi Freedom Veteran [2X]) " O ' Farrell and Hegarty offer many hands-on tips to use when leading organizations to victory. Well done!" (Nick Logan, Founder and Chairman of Cornerstone Payment Systems, Author and Screenwriter, Owner, College Hula Bowl)

From New York Times bestselling author and former U.S. secretary of state Condoleezza Rice and Stanford University professor Amy B. Zegart comes an examination of the rapidly evolving state of political risk, and how to navigate it. The world is changing fast. Political risk-the probability that a political action could significantly impact a company's business-is affecting more businesses in more ways than ever before. A generation ago, political risk mostly involved a handful of industries dealing with governments in a few frontier markets. Today, political risk stems from a widening array of actors, including Twitter users, local officials, activists, terrorists, hackers, and more. The very institutions and laws that were supposed to reduce business uncertainty and risk are often having the opposite effect. In today's globalized world, there are no "safe" bets. POLITICAL RISK investigates and analyzes this evolving landscape, what businesses can do to navigate it, and what all of us can learn about how to better understand and grapple with these rapidly changing global political dynamics. Drawing on lessons from the successes and failures of companies across multiple industries as well as examples from aircraft carrier operations, NASA missions, and other unusual places, POLITICAL RISK offers a first-of-its-kind framework that can be deployed in any organization, from startups to Fortune 500 companies. Organizations that take a serious, systematic approach to political risk management are likely to be surprised less often and recover better. Companies that don't get these basics right are more likely to get blindsided.

Most Christians agree that discipleship is important, even essential for Christian maturity; few understand biblical principles and even fewer apply a biblical process when it comes to discipleship.

" Nothing is more brilliant and juicy to me than a woman stepping fully into her self—mind, body, and spirit, full throttle, without apology. Kimberly Dark has been illuminating the path for a long time. This book is a triumph. This book is a jailbreak from cultural inscriptions meant to keep us locked up, shut up, and conforming." —Lidia Yuknavitch, author of The Chronology of Water and The Book of Joan Fat, Pretty, and Soon to be Old is a moving, funny, and startlingly frank collection of personal essays about what it means to look a certain way. Or rather, certain ways. Navigating Kimberly Dark ' s experience of being fat since childhood—as well as queer, white-privileged, a gender-confirming " girl with a pretty face, " active then disabled, and inevitably aging—each piece blends storytelling and social analysis to deftly coax readers into a deeper understanding of how appearance privilege (and stigma) function in everyday life and how the architecture of this social world constrains us. At the same time, she provides a blueprint for how each of us can build a more just social world, one interaction at a time. Includes an afterword by Health at Every Size expert, Linda Bacon. Kimberly Dark is a writer, professor, and raconteur. She has written award-winning plays, and taught and performed for a wide range of audiences in various countries over the past two decades. She is the author of The Daddies, Love and Errors, and co-editor of the anthology Ways of Being in Teaching.

"The author explores the interactions among food systems, diets, human health, and the climate crisis. Drawing on decades of hands-on research projects in Africa, Asia, Europe, and the Americas, she describes how food systems must evolve to promote healthy, sustainable, and equitable diets"--
