This is the final installment of this bestselling dragon shifter series... Tide isn't interested in taking part in the hunt. He doesn't like the concept. It isn't for him. One thing he does enjoy is the stag run. He plans on finding himself a tasty human female to hole up with for the night. What he doesn't expect is to find her stranded on the side of the road. A damsel in distress. Problem is, he's the dragon and not the knight in shining armor. Good thing the human female is curvy and sweet and just what he had in mind. So, he'll play the knight. He'll bide his time, and then he'll pounce and she'll love every minute.Cliffhanger-free with an HEA

Dragon Shifter NovelTorrent took part in the much anticipated hunt. Luckily, he managed to secure himself a female. Although the human was not his first

choice, she'll do. A fertile female is a fertile female after all. An heir is what he needs and an heir is what she'll give him. In return, she'll get to be queen of the water kingdom. What more could a female wish for? Candy is hunted like an animal and won by an arrogant shifter who doesn't even want her. She doesn't care that he's a king. So what if he's really good looking and that underneath all that bristling, alpha male is a sweet guy. Although sweet is probably not the right description for the savage, water king. The only thing he's interested in, is mating her, so that she can pop out lots of dragon shifter babies. Well, no thanks! She's not interested. As soon as she's able to get that through his thick skull, she's out of there. Torrent promised her she could leave if things didn't work out between them and she plans on holding him to his word. This book can be read as a standalone but would be best enjoyed as a part of the series (Start with Chosen by the Vampire Kings). No cliffhanger! The story contains strong sexual & violent themes/language and is not intended for readers under the age of 18.

A Dragon Shifter Novel There are secrets that the humans must never find out. Secrets that would bring about the demise of the dragon species. The dragons have something that the humans want and would fight to get. Their weakness to silver is the one area that humans have exploited in the past, almost bringing the dragon species to their knees. New information has come to light proving that this affliction is an allergy. One that can potentially be beaten. Dr. Louise Parry is a top specialist in her field. She is also kind and compassionate, someone the dragons can trust. She is tasked with finding a cure. A job she does not take lightly. Thankfully, she has very little dealings with the bad-tempered king. There is something about him that has her heart beating faster and a flame of awareness igniting inside her. She can't understand why, since he's rude and abrasive. Granite wants a cure found. The sooner the better. He keeps a close eye on the whole project and moreover, on the little human spearheading the whole thing. Trust is not something that comes easily to him. If she thinks he'll allow himself to become blinded by her sweet demeanor and kissable lips, she's got another thing coming. Touching the female is off limits. Against every rule in the book. It's strictly forbidden. The Story Contains strong sexual themes/language and is not intended for readers under the age of 18.

A dragon shifter series set in the same world as the Bride Hunt books Since the death of his mate - a death he is responsible for - Druze has dedicated his life to finding a cure for the fertility problems surrounding species females. For years, he's worked day and night to qualify as a healer. There is still so much for him to learn. Druze is shocked when he's enlisted to find a cure for a life-threatening illness. A terrible disease that has claimed the lives of so many of the Feral species. Surely there are those more qualified for this role. Unfortunately, he knows only too well as to why he was chosen. It is a chance for him to repent. A chance to redeem himself, if only by a small margin. Druze will never be able to atone for the hurt he caused. For the pain, the suffering...for her death. It is not possible! Nonetheless, he will tackle the task with the ardor it deserves. It's a race against the clock, with not just one, but two lives in the balance. Druze feels out of his depth. It's a task he can't possibly perform alone and so procures the help of an avian veterinarian and a gynecologist. Both human. The one is a male and the other a female. The male is cocky and arrogant, but the best in his field. The male's attitude is an irritation Druze is willing to ignore. The female is highly skilled, extremely intelligent and breathtakingly beautiful. The latter could prove to be a distraction. Not to him, of course, but to the team dynamic. He'll have to play it by ear. A lady would have to be blind or deaf not to notice the gorgeous dragon shifter leading the team. He's that sexy. That intriguing. He also happens to be no-nonsense and all business. He's dark and brooding, even angry at times. Rude too if she's going to get picky. She's sure there's a reason behind his attitude. Dr. Brittney Baker is all for finding a cure for...clutch sickness - a new one to her - but surely they could get to know one outside of working hours? She has caught him looking at her once or twice. Britt knows that look. It is a look that causes her cheeks to heat, and her stomach to tighten. Why is he fighting it? There is an attraction there. One that could get hot and heavy if given half the chance. No cheating! Contains hot alpha males and therefore strong sexual themes/language.

Every hundred years, tradition dictates that all eligible females in Sweetwater assemble for the choosing ceremony. Two vampire kings have separate territories within the surrounding countryside. Both are eager to pick their future brides. What a waste of her freaking time. Tanya is among the many women at the choosing ceremony. As far as she's concerned it's an outdated, sexist event and if it wasn't mandatory she so wouldn't be here. It's not important that the two males are ridiculously rich and handsome. Deep down she knows a plain Jane like her will never be picked by one of the kings anyway. Many of the women in the town square are stunningly beautiful and model thin. Most seem enthusiastic about being a queen even if it means being mated to a blood sucker, which suits her just fine. Imagine her surprise though when King Brant sets his sights firmly on her. Once a vampire king has decided, there's no going back. But her home is in Sweetwater. Being forced to live amongst the vampire species...big gulp...forced to mate with a vampire...is not what she had in mind for herself. Maybe she can convince him to let her go, to pick again. If not, she'll have to find a way to escape his - very muscled and rather delicious - clutches.
