~~Eve Was Framed Women and British Justice by Kennedy Helena ...~~

Helena Kennedy's Eve Was Framed: Women and British Justice. I love this book. It's an utterly brilliant deconstruction of the systemic misogyny and racism endemic in the British justice system. Kennedy basically takes a swipe at the hypocrisy, prejudices and ignorance of police officers, lawyers, judges and juries; at those destructive theories of hyper-masculinity and femininity which criminalise women for being women.

~~Helena Kennedy's Eve Was Framed: Women and British Justice ...~~

Eve Was Framed. Baroness Helena Kennedy's Eve Was Framed: Women and British Justice is so much more than a book about law. It is not a book which will tell you what the law is, in which situations to apply the law, how the law is passed etc. That would be function of a textbook. This book is a polemic and therefore asserts Kennedy's opinion on the injustice of the criminal law by critiquing the intimidating nature of court with the paraphernalia

Eve Was Framed offers an impassioned, personal critique of the British legal system. Helena Kennedy focuses on the treatment of women in our courts - at the prejudices of judges, the misconceptions of jurors, the labyrinths of court procedures and the influence of the media. But the inequities she uncovers could apply equally to any disadvantaged group - to those whose cases are subtly affected by race, class poverty or politics, or who are burdened, even before they appear in court, by misleading stereotypes.

What comes after #MeToo? One of our most eminent lawyers and defenders of human rights answers with this urgent, authoritative and deeply shocking look at British justice In Eve Was Shamed Helena Kennedy forensically examines the pressing new evidence that women are still being discriminated against throughout the legal system, from the High Court (where only 21% of judges are women) to female prisons (where 84% of inmates are held for non-violent offences despite the refrain that prison should only be used for violent or serious crime). In between are the so-called 'lifestyle' choices of the Rotherham girls; the failings of the current rules on excluding victims' sexual history from rape trials; battered wives being asked why they don't 'just leave' their partners; the way statistics hide the double discrimination experienced by BAME and disabled women; the failure to prosecute cases of female genital mutilation... the list goes on. The law holds up a mirror to society and it is failing women. The #MeToo campaign has been in part a reaction to those failures. So what comes next? How do we codify what we've learned? In this richly detailed and shocking book, one of our most eminent human rights thinkers and practitioners shows with force and fury that change for women must start at the heart of what makes society just.

Two women a week are killed by a spouse or partner. Every seven minutes a woman is raped. Now is the time for change. 'Fascinating and chilling' Caroline Criado Perez, bestselling author of Invisible Women Helena Kennedy, one of our most eminent lawyers and defenders of human rights, examines the pressing new evidence that women are being discriminated against when it comes to the law. From the shocking lack of female judges to the scandal of female prisons and the double discrimination experienced by BAME women, Kennedy shows with force and fury that change for women must start at the heart of what makes society just. 'An unflinching look at women in the justice system... an important book because it challenges acquiescence to everyday sexism and inspires change' The Times

"LIFE IS IN SESSION...ARE YOU PRESENT?" Finally a book that will not challenge the stories of religion, but rather help you understand and deal with the impact that "spiritual abuse " has had on relationships. At last, here is a practical book for helping women and men address their problems by getting at the root causes--prehistoric events that led to male insecurity and the subordination of women, transmitted to us over the ages by religious views of a male God and inferior, submissive women. What Dr. Singer terms "spiritual abuse" is a major contributor to the problem between the sexes, and she provides a guide to help couples to escape from it. --Robert S. McElvaine Author, Eve's Seed: Biology, the Sexes and the Course of History Chair, Department of History, Millsaps College, Jackson, Ms. What a clever and brilliant title ADAM WAS TRAPPED EVE WAS FRAMED and the substance of the book easily compliments the title. It is as good, or better than any book I have read on the quest for personal freedom. Part One, alone, on being "Awake" is worth the price of the book. Life is in session...are you present?" This book, in a beautiful and profound way, tells you how you can become "present" on your personal road to freedom. --William Edelen Former Minister the First Congregational Church in Tacoma, Washington Lecturer for the Department of Religion at the University of Puget Sound Columnist, Writer and Lecturer Follow Adam and Eve in their therapy with Dr. Lita after he tells about his affair and he wants to leave the marriage, and watch what happens! --- This is a book about Change. Your Change ---Follow the five steps AWAKE, NOTICE, CATCH, INTERRUPT AND CHANGE, and you will have the keys to Partnership, Balance and Freedom ---It is not what happens in your life, but how you deal with it that matters ---To find love, inner peace, is an inside job and starts with the journey within.

Acute, questioning, humane and passionately concerned for justice, Helena Kennedy is one of the most powerful voices in legal circles in Britain today. Here she roundly challenges the record of modern governments over the fundamental values of equality, fairness and respect for human dignity. She argues that in the last twenty years we have seen a steady erosion of civil liberties, culminating today in extraordinary legislation, which undermines long established freedoms. Are these moves a crude political response to demands for law and order? Or is the relationship between citizens and the state being covertly reframed and redefined?

The #1 New York Times bestselling series featuring police lieutenant Eve Dallas. New York City's most vulnerable citizens fall victim to a ruthless serial killer.

Twenty-five recent residential projects from around the United States take the concept of "green living" to the next architectural level. Going beyond the simple use of sustainable materials, these houses are designed to frame a very particular vision of nature for their owners that brings them as close as possible to nature while remaining indoors. Featured are dynamic designs by today's most energetic architectural firms including ARO, Tod Williams/Billie Tsien, Diller Scofidio + Renfro as well as up-and-coming smaller firms. Houses vary in scale, complexity, and site to give a broad survey of the potential of this cutting-edge approach.

A madman brutally murders two men--both with ties to an ugly secret shared by Eve's new husband, Roarke.

From the bestselling author of *The Vagina Monologues*--a powerful, life-changing examination of abuse and atonement. "A triumph of artistry and empathy." --Naomi Klein "A crucial step forward . . . This is an urgently needed book right now." --Jane Fonda "Unflinching candor . . . immeasurable grace." --Anita Hill "Courageous, transformative, and yes--healing." --Anne Lamott "Unflinchingly increases our understanding of the human experience." --Michael Cunningham "[*The Apology*] will change how all of us think about our souls." --Johann Hari "Shatteringly brilliant." --The Times "The geometry of toxic masculinity is contained within these pages." --Marc Maron Like millions of women, Eve Ensler has been waiting much of her lifetime for an apology. Sexually and physically abused by her father, Eve has struggled her whole life from this betrayal, longing for an honest reckoning from a man who is long dead. After years of work as an anti-violence activist, she decided she would wait no longer; an apology could be imagined, by her, for her, to her. *The Apology*, written by Eve from her father's point of view in the words she longed to hear, attempts to transform the abuse she suffered with unflinching truthfulness, compassion, and an expansive vision for the future. Through *The Apology* Eve has set out to provide a new way for herself and a possible road for others, so that survivors of abuse may finally envision how to be free. She grapples with questions she has sought answers to since she first realized the impact of her father's abuse on her life: How do we offer a doorway rather than a locked cell? How do we move from humiliation to revelation, from curtailing behavior to changing it, from condemning perpetrators to calling them to reckoning? What will it take for abusers to genuinely apologize? Remarkable and original, *The Apology* is an acutely transformational look at how, from the wounds of sexual abuse, we can begin to re-emerge and heal. It is revolutionary, asking everything of each of us: courage, honesty, and forgiveness.

How much can you trust your closest friend? Beth Montgomery seems to have the perfect life: a beautiful house in the hills above Los Angeles, a handsome, ambitious husband, and plans of starting a family. So it doesn't occur to her to worry when the news breaks of a quadruple homicide across town, a botched drug deal that leaves an undercover officer among the dead. Beth certainly would never think to tie the murders to the sudden reappearance in her life of wild, sexy Cassie Ogilvy, the estranged best friend she hasn't seen since they were college roommates. As Cassie confidently settles into Beth's new life, making herself comfortable not only in Beth's guestroom but with her husband as well, it becomes increasingly clear that her old friend has a lot to hide. But it isn't until a shocking late-night phone call, and Cassie's even more startling disappearance, that Beth begins to understand that her world, as she knew it, is gone forever. Unfurling over the span of three fraught, heart-pounding days, *McInnis*'s masterful suspense debut is fast-paced and diabolically unpredictable--a fresh, surprising, and powerfully smart twist on the traditional thriller.
