This is a book about death, comprehensive in its discussion of strategies for coping with loss and grief in rural northern Russia. Elizabeth Warner and Svetlana Adonyeva bring forth the voices of those for whom caring for their dead is deeply personal and firmly rooted in practices of everyday life. Thoroughly researched chapters consider lamenting traditions, examine beliefs surrounding natural symbols, and parse sensitive and profound funereal rituals. “We remember, we love, we grieve” is a common epiath in this part of the world. As contemporary Russia contends with the Soviet Union’s legacy of dismantling older ways of life, the phrase ripples beyond individual loss—it encapsulates communities’ determination to preserve their customs when faced with oppression. This volume offers insight into a core cultural practice, exploring the dynamism of tradition.

There was once an emperor who was only interested in one thing, his clothes. He spent all his money on his outfits and had a different one for every time of day and every occasion. One day, two thieves arrived in town pretending to be weavers who knew how to make the most beautiful and sophisticated fabrics, which had the marvellous property of only being visible to those who did their job well.. It was the perfect offer for our king, who immediately placed an order. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children’s literature, his most cherished fairy tales include “The Emperor’s New Clothes”, “The Little Mermaid”, “The Nightingale”, “The Steadfast Tin Soldier”, “The Snow Queen”, “The Ugly Duckling” and “The Little Match Girl”. His books have been translated into every living language, and today there is no child or adult that has not met Andersen’s whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films “The Little Mermaid” in 1989 and “Frozen”, which is loosely based on “The Snow Queen”, in 2013. Thanks to Andersen’s contribution to children’s literature, his birth date, April 2, is celebrated as International Children’s Book Day.
