X-Box 360 users, I don't know if this applies to Fallout 3, but in Oblivion I've been told that your cache memory will often screw with quests if you run into a bug, so not only will you need to reload to a previous save when you encounter a bug, you have to make sure to restart your console and clear your cache, this will fix problems many times.

War never changes. The Fallout franchise certainly has, however. In 2008 Bethesda revived Interplay's famous "Post Nuclear Role Playing Game", moving from third person to first person, and from the west coast to the east coast. You are the Lone Wanderer, an outcast from Vault 101 who sacrifices a relatively easy life in order to brave the terrors of the post-apocalyptic Wasteland and find your Dad, whose mysterious departure from Vault 101 sets a chain of events in motion that will change the Capital Wasteland forever... This guide is intended to be the ultimate completionist's guide to Fallout 3. ?The guide offers the following: - Every area in the game covered extensively including all side quests and main quests. - All the Bobbleheads, skill books and schematic locations. - A full trophy/achievement guide. - An in-depth information about character creation is also provided so you can create whatever Vault Dweller suits you best. - Good, evil and neutral alternatives to quests will be presented where applicable. Become the Last, Best Hope of Humanity... or add to the continuing sum of human misery in your selfish quest for survival. Sneak past foes, talk your way out of confrontations, shoot everything in the head, or create a character who can do it all. The Wasteland is a big, dangerous place, and this guide will help you experience as much as possible.

The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design--from the very earliest (1962's Spacewar) through the present day releases on the PlayStation 3, Xbox 360, Wii and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels and of course the author's views and insights into the game. In addition to the main entries and reviews, a full-color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include: a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms.

A comprehensive resource for hands-on pursuits in everyday and less-common areas features updated advice on topics ranging from going green and selling a home in a down market to job hunting in a challenged economy and traveling on a budget. 50,000 first printing.

As games grow ever-more ubiquitous in our culture and communities, they have become popular staples in public library collections and are increasing in prominence in academic ones. Many librarians, especially those who are not themselves gamers or are only acquainted with a handful of games, are ill-prepared to successfully advise patrons who use games. This book provides the tools to help adult and youth services librarians to better understand the gaming landscape and better serve gamers in discovery of new games—whether they are new to gaming or seasoned players—through advisory services. This book maps all types of games—board, roleplaying, digital, and virtual reality—providing all the information needed to understand and appropriately recommend games to library users. Organized by game type, hundreds of descriptions offer not only bibliographic information (title, publication date, series, and format/platform), but genre classifications, target age ranges for players, notes on gameplay and user behavior type, and short descriptions of the game's basic premise and appeals.

- Limited Edition! Every book uniquely numbered!
- This staggeringly complete guide is 752 pages stuffed with all the information you'll need to survive and thrive in Fallout 3.
- Covers the entire main game and all five Add-On games: Operation: Anchorage, The Pitt, Broken Steel, Point Lookout, and Mothership Zeta.

Ease your way through these hardcore titles with a lot of help from our detailed and entertaining walkthrough guides. Formats Covered: Xbox 360, Playstation 3

The year is 2281 - two hundred years after the old world was eradicated by nuclear fire - and now the New California Republic has become powerful along the western coast of what used to be the United State of America. They've expanded east into Nevada, but across the Colorado river to the east a united army of tribals - Caesar's Legion - have been organized under the guise of ancient Rome. War never changes, and impending conflict looms between the two sides, the prize being the Hoover Dam and control over the Mojave. Stuck in the middle are the residents of Nevada and the jewel in the desert; the city of New Vegas. But the mysterious overlord of New Vegas has his own plans for the future of the Mojave... You are Courier six, an employee of the Mojave Express who has been entrusted with delivering a mysterious Platinum Chip. The delivery goes horribly awry, however, and after you are robbed and nearly killed for the package you were carrying, you must set out in pursuit of your attackers. Along the way you'll have to navigate the political struggles between factions both large and small, making friends and enemies between the various groups as your actions in the Mojave influence your reputation. Ultimately, a new overlord of the Mojave will be crowned...but will you place that crown upon the brow of Caesar, the New California Republic, the mysterious ruler of New Vegas... or yourself? This guide offers the following:

- Character creation strategies including a run-down of SPECIAL attributes, Skills and Perks.
- An ideal chronological order of events walkthrough that will take you through the entire Mojave.
- Complete walkthrough of all the main quests and side quests, including faction quests and endings.
- A power-gamey New Vegas Medical Center run, for those gamers who want to get off to a great start.
- Information about factions and reputation.
- The locations of stat-boosting Skill Books, unique weapons and armor and collectible Snowglobes.
- A Trophy Guide including detailed information (when necessary) about how to obtain all the game's trophies.
- Old World Blues DLC.

XBOX 360 Forensics is a complete investigation guide for the XBOX game console. Because the XBOX 360 is no longer just a video game console – it streams movies, connects with social networking sites and chatrooms, transfer files, and more – it just may contain evidence to assist in your next criminal investigation. The digital forensics community has already begun to receive game consoles for examination, but there is currently no map for you to follow as there may be with other digital media. XBOX 360 Forensics provides that map and presents the information in an easy-to-read, easy-to-reference format. This book is organized into 11 chapters that cover topics such as Xbox 360 hardware; XBOX LIVE; configuration of the console; initial forensic acquisition and examination; specific file types for Xbox 360; Xbox 360 hard drive; post-system update drive artifacts; and XBOX Live redemption code and Facebook. This book will appeal to computer forensic and incident response professionals, including those in federal government, commercial/private sector contractors, and consultants. Game consoles are routinely seized and contain evidence of criminal activity Author Steve Bolt wrote the first whitepaper on XBOX investigations
