include WileyPLUS registration cards. Starting with the big picture of financial statements first, Paul Kimmel's Accounting: Tools for Business Decision Making, Binder Ready Version, 6th Edition shows students why financial accounting is important to their everyday lives, business majors, and future careers. Kimmel, Accounting is designed for a two-semester financial and managerial accounting sequence that dedicates equal time financial and managerial accounting topics and teaches the accounting cycle from a corporate perspective.

This successful book continues to provide accountants with an understanding of the fundamental concepts necessary to use accounting effectively. The sixth edition offers new discussions on IFRS, including new codification numbers, examples of IFRS financial statements, and additional exercises. A look at more recent frauds such as the Bernie Madoff scandal have been added. Enhanced discussions of ethics and international accounting are presented. The coverage of non-cash items and their impact on decision making has been expanded. In addition, comprehensive case studies and problems help accountants tie the material together.

Starting with the big picture of financial statements first, Paul Kimmel shows students why financial accounting is important to their everyday lives, business majors, and future careers. Kimmel, Accounting is designed for a two-semester financial and managerial accounting sequence that dedicates equal time financial and managerial accounting topics and teaches the accounting cycle from a corporate perspective.
