**Fire in the Night: Wingate of Burma, Ethiopia, and Zion ...**

Co-authored by John Bierman and Colin Smith, FIRE IN THE NIGHT is the immensely readable life story of an incredibly complex man. In a nutshell, after several brief chapters on Wingate's early life, the narrative sequentially covers his postings in Palestine, Ethiopia and, finally, India/Burma, during which time (1936-1944) he rose in rank from Lieutenant to Major General.

Fire in the Night is a superb, well-written, and insightful biography of one of the more interesting and bizarre characters of the Second World War. He had an amazing rise to prominence, comparable to that of Lawrence of Arabia during the First World War. Admired and hated, both with good cause, Wingate has remained controversial over the years.

**Fire in the Night: Wingate of Burma, Ethiopia, and Zion ...**

Orde Charles Wingate. Winston Churchill thought him a military genius; others considered him greatly over-rated; a few even thought him mad. His overriding passion was for Zionism, a cause which he embraced when posted to British-ruled Palestine in 1936. There he raised the Special Night Squads, an irregular force which decimated Arab rebel bands and taught a future generation of Israeli generals (including Moshe Dayan and Yitzhak Rabin) how to fight. In 1941, Wingate led another guerrilla-style force into Italian-occupied Ethiopia and was instrumental in restoring Emperor Haile Selassie to his throne. But his most famous campaign was conducted behind enemy lines in Burma, where his Chindits shattered the myth of Japanese invincibility in jungle fighting. A brilliant maverick, Wingate was a difficult if not impossible subordinate. He was also - as this riveting new study reveals - an inspiring leader.

**Fire in the Night: Wingate of Burma, Ethiopia, and Zion ...**

Winston Churchill described Wingate as a ‘man of genius who might well have become a man of destiny’. Tragically, he died in a jungle aircraft crash in 1944. Like his famous kinsman Lawrence of Arabia, Wingate was renowned for being an unorthodox soldier, inclined to reject received patterns of military thought. He was a fundamentalist Christian with a biblical certainty in himself and his mission. He is best-remembered as the charismatic and abrasive leader of the Chindits. With the support of Wavell, he was responsible for a strategy of using independent groups deep behind enemy lines, supported only by air drops. Wingate was responsible for leading the charge of 2,000 Ethiopians and the Sudan Defence Force into Italian-occupied Abyssinia. Remarkably, he defeated a 40,000 strong enemy that was supported by aircraft and artillery, which Wingate did not possess. Despite his achievements, Wingate suffered from illness and depression and in Cairo attempted suicide. He was not universally liked: his romantic Zionism contrasted with the traditional British Arabist notions. He did, however, lead from the front and marched, ate and slept with his men. In this authoritative biography, Royle expertly brings to life a ruthless, complex, arrogant – but ultimately admirable – general. Trevor Royle is an author and broadcaster specialising in the history of war and empire, with more than 30 books to his credit. His latest book is The Road to Bosworth, a study of the War of the Roses. He is a columnist for the Sunday Herald and is an Honorary Fellow at Edinburgh University’s School of History. He was born in India in 1945.

"David Rooney has done Wingate's memory a signal service." The Spectator. Major General Orde Wingate, DSO and two bars, who had created and personally led the Chindits, was killed in an air accident in 1944, at the height of the second Chindit campaign. General Slim joined the world-wide tributes paid to Wingate: but by 1956, to the distress of the Chindits, in his book Defeat Into Victory, Slim was dismissive of Wingate. What had happened to change Slim's mind so completely? David Rooney examines the life and achievements of a maverick soldier who inspired loyalty in some, hostility in others. Rooney's thoughtful and diligent research throws new light on Wingate's intriguing character, discovers why Slim changed his mind, and discloses details of the vendetta by which the military establishment, in the years after his death and following the viciously critical attack in the Official History, attempted to destroy Wingate's reputation. Rooney draws a balanced portrait of a military mind of daring originality, deserving of a better letter. This seminal work of military history is not only an insightful portrait of a unique British commander, but it is essential reading for anyone interested in the Second World War, special forces and the history of the British Army. Praise for Wingate and the Chindits. 'His current book is, therefore, an exercise in setting the record straight... Rooney is presenting an unabashed case for the defense, and he does so with skill. Every student of the Burma campaign will want to examine this book carefully.' (Raymond Callahan, author of Churchill and His Generals and Burma 1942-45) 'David Rooney's Wingate and the Chindits: Redressing the Balance ... attempts to redress the balance in favour of Wingate and to counter the unfair reputation he has acquired, in Rooney's view, among the military establishment.' (History Today)

A powerful and evocative debut novel about two American military nurses during World War II that illuminates the unsung heroism of women who risked their lives in the fight—a riveting saga of friendship, valor, sacrifice, and survival combining the grit and selflessness of Band of Brothers with the emotional resonance of The Nightingale. In war-torn France, Jo McMahon, an Italian-Irish girl from the tenements of Brooklyn, tends to six seriously wounded soldiers in a makeshift medical unit. Enemy bombs have destroyed her hospital convoy, and now Jo singlehandedly struggles to keep her patients and herself alive in a cramped and freezing tent close to German troops. There is a growing tenderness between her and one of her patients, a Scottish officer, but Jo’s heart is seared by the pain of all she has lost and seen. Nearing her breaking point, she fights to hold on to joyful memories of the past, to the times she shared with her best friend, Kay, whom she met in nursing school. Half a world away in the Pacific, Kay is trapped in a squalid Japanese POW camp in Manila, one of thousands of Allied men, women, and children whose fates rest in the hands of a sadistic enemy. Far from the familiar safety of the small Pennsylvania coal town of her childhood, Kay clings to memories of her happy days posted in Hawaii, and the handsome flyer who swept her off her feet in the weeks before Pearl Harbor. Surrounded by cruelty and death, Kay battles to maintain her sanity and save lives as best she can . . . and live to see her beloved friend Jo once more. When the conflict at last comes to an end, Jo and Kay discover that to achieve their own peace, they must find their place—and the hope of love—in a world that’s forever changed. With rich, superbly researched detail, Teresa Messineo’s thrilling novel brings to life the pain and uncertainty of war and the sustaining power of love and friendship, and illuminates the lives of the women who risked everything to save others during a horrifying time.

Project 9: The Birth of the Air Commandos in World War II is a thoroughly researched narrative of the Allied joint project to invade Burma by air. Beginning with its inception at the Quebec Conference of 1943 and continuing through Operation Thursday until the death of the brilliant British General Orde Wingate in March 1944, less than a month after the successful invasion of Burma, Project 9 details all aspects of this covert mission, including the selection of the American airmen, the procurement of the aircraft, the joint training with British troops, and the dangerous night-time assault behind Japanese lines by glider. Based on review of hundreds of documents as well as interviews with surviving Air Commandos, this is the history of a colorful, autonomous, and highly effective military unit that included some of the most recognizable names of the era. Tasked by the General of the Army Air Forces, H. H. “Hap” Arnold, to provide air support for British troops under the eccentric Major General Wingate as they operated behind Japanese lines in Burma, the Air Commandos were breaking entirely new ground in operational theory, tactics, and inter-Allied cooperation. Okerstrom’s in-depth research and analysis in Project 9 shed light on the operations of America’s first foray into special military operations, when these heroes led the way for the formation of modern special operations teams such as Delta Force and Seal Team Six.

A fascinating insight into the untold story of how British-French rivalry drew the battle-lines of the modern Middle East. In 1916, in the middle of the First World War, two men secretly agreed to divide the Middle East between them. Sir Mark Sykes was a visionary politician; François Georges-Picot a diplomat with a grudge. They drew a line in the sand from the Mediterranean to the Persian frontier, and together remade the map of the Middle East, with Britain’s ‘mandates’ of Palestine, Transjordan and Iraq, and France’s in Lebanon and Syria. Over the next thirty years a sordid tale of violence and clandestine political manoeuvring unfolded, told here through a stellar cast of politicians, diplomats, spies and soldiers, including T. E. Lawrence, Winston Churchill and Charles de Gaulle. Using declassified papers from the British and French archives, James Barr vividly depicts the covert, deadly war of intrigue and espionage between Britain and France to rule the Middle East, and reveals the shocking way in which the French finally got their revenge. ‘The very grubby coalface of foreign policy ... I found the entire book most horribly addictive’ Independent ‘One of the unexpected responses to reading this masterful study is amazement at the efforts the British and French each put into undermining the other’ The Spectator

Major General Orde Wingate (1903–1944) was the most controversial British military commander of the Second World War, and perhaps of the last hundred years. Anglim's biography fills a significant void in the literature, making extensive use of Wingate's papers to place him firmly in the context of the British army of the time.

THE BLOCKBUSTER HIT—Over two million copies sold! A New York Times, USA Today, Wall Street Journal, and Publishers Weekly Bestseller Look for Lisa Wingate’s powerful new historical novel, The Book of Lost Friends, available now! “Poignant, engrossing.”—People • “Lisa Wingate takes an almost unthinkable chapter in our nation’s history and weaves a tale of enduring power.”—Paula McLain Memphis, 1939. Twelve-year-old Rill Foss and her four younger siblings live a magical life aboard their family’s Mississippi River shantyboat. But when their father must rush their mother to the hospital one stormy night, Rill is left in charge—until strangers arrive in force. Wrenched from all that is familiar and thrown into a Tennessee Children’s Home Society orphanage, the Foss children are assured that they will soon be returned to their parents—but they quickly realize the dark truth. At the mercy of the facility’s cruel director, Rill fights to keep her sisters and brother together in a world of danger and uncertainty. Aiken, South Carolina, present day. Born into wealth and privilege, Avery Stafford seems to have it all: a successful career as a federal prosecutor, a handsome fiancé, and a lavish wedding on the horizon. But when Avery returns home to help her father weather a health crisis, a chance encounter leaves her with uncomfortable questions and compels her to take a journey through her family’s long-hidden history, on a path that will ultimately lead either to devastation or to redemption. Based on one of America’s most notorious real-life scandals—in which Georgia Tann, director of a Memphis-based adoption organization, kidnapped and sold poor children to wealthy families all over the country—Lisa Wingate’s riveting, wrenching, and ultimately uplifting tale reminds us how, even though the paths we take can lead to many places, the heart never forgets where we belong. Publishers Weekly’s #3 Longest-Running Bestseller of 2017 • Winner of the Southern Book Prize • If All Arkansas Read the Same Book Selection This edition includes a new essay by the author about shantyboat life.

This history reveals the failures and fortunes of leadership during the WWII campaign into Japanese-occupied Burma: “a thoroughly satisfying experience” (Kirkus). Acclaimed historian Frank McLynn tells the story of four larger-than-life Allied commanders whose lives collided in the Burma campaign, one of the most punishing and protracted military adventures of World War II. This vivid account ranges from Britain’s defeat in 1942 through the crucial battles of Imphal and Kohima—known as “the Stalingrad of the East”—and on to ultimate victory in 1945. Frank McLynn narrative focuses on the interactions and antagonisms of its principal players: William Slim, the brilliant general; Orde Wingate, the idiosyncratic commander of a British force of irregulars; Louis Mountbatten, one of Churchill’s favorites, overpromoted to the position of Supreme Commander, S.E. Asia; and Joseph “Vinegar Joe” Stilwell, a hard-line—and openly anti-gophobic—U.S. general. With lively portraits of each of these men, McLynn shows how the plans and strategies of generals and politicians were translated into a hideous reality for soldiers on the ground.
