This new edition introduces young readers to the wonders of the past. Filled with historical information, from the first people, farmers, cities and civilisations all the way to the World Wars and the modern day, this text answers such questions as 'what were the pyramids for?' and 'who lived in the Forbidden City?'

Text, photographs, and illustrations introduce history, from the dinosaur age to the computer age. Web sites for further study are included.

## FROM DINOSAURS TO THE MODERN AGE.

An internet-linked history of the Earth from its origins in the Big Bang right up to the dawn of the new millennium.

A great introduction for young children to ever-popular topics, with charming pictures and simple text perfect for reading and talking about with young children. Topics covered include Our World, Space, Science, My Body, Animals, Dinosaurs and Long Ago. Divided into sections by topic, and fully indexed. Charming original artwork by artists including Lee Cosgrove and Tony Neal. Part of the engaging 'My First Book' series.

Introduces major topics in the sciences, and suggests related activities.

Amazing photographs and illustrations with lively text to explain the amazing human body.

With colour illustrations and easy-to-read text, this volume is intended as an introduction for children to the world around us. All the major topics are covered, including space and the solar system, seasons and the weather, seas and oceans, rocks, fossils and ecosystems.

Presents facts about dinosaurs, their origin, their diversity, and their final extinction, with Internet links for further information.

Color pictures of animals and myriad facts about them.
