Visionary, charismatic master chef, Ludo Lefebvre, and his Los Angeles cult hit “ pop-up ” restaurant LudoBites are worshipped by critics and foodies alike. LudoBites, the book, is at once a chronicle and a cookbook, containing tales of the meteoric career of this “ rock star ” of the culinary world (who was running kitchens at age 24) and the full story of his brilliant innovation, the “ pop up ” or “ touring ” restaurant that moves from place to place. The star of the popular cable program, Ludo Bites America, on the Sundance Channel, also offers phenomenal four-star recipes born out of the need

to be mobile. Readers who love food, who admire genius, and fans of TV ' s Top Chef, Top Chef Masters, and Iron Chef are going to want a taste of LudoBites.

A comprehensive resource, this handbook covers consumer product research, case study, and application. It discusses the unique perspective a human factors approach lends to product design and how this perspective can be critical to success in the market place. Divided into two volumes, the handbook includes introductory and summary chapters on case study design, design methods and process, error and hazards, evaluation methods, focus groups, and more. It discusses white goods, entertainment systems, personnel audio devices, mobile phones, gardening products, computer systems, and leisure goods.

Remodelista.com is the go-to, undisputed authority for home design enthusiasts, remodelers, architects, and designers. Unlike sites that cater to all tastes, Remodelista has a singular and clearly defined aesthetic: classic pieces trump designs that are trendy and transient, and well-edited spaces take precedence over cluttered environments. High and low mix seamlessly here, and getting the look need not be expensive (think Design Within Reach meets Ikea). Remodelista decodes the secrets to achieving this aesthetic, with in-depth tours and lessons from 12 enviable homes; a recipe-like breakdown of the hardest-working kitchens and baths; dozens of do-it-yourself projects; “ The Remodelista 100, ” a guide to the best everyday household objects; and an in-depth look at the ins and outs of the remodeling process. In a world of design confusion, Remodelista takes the guesswork out of

the process.

Ultimate Guide: Wiring, 8th Edition demystifies residential electrical systems with easy-to-understand language, step-by-step photography, and detailed illustrations. Homeowners will learn how their home's electrical system works and how to complete installations and repairs. This project-based book shows how to select the right cable, wires, and other equipment, and how to run wiring through walls and between floors. Projects guide the reader through installing switches, outlet receptacles, electrical appliances, and lighting systems. The book also shows how outdoor lighting, including security and low-voltage systems, can help homeowners improve and illuminate the exterior areas around their homes. The eighth edition has been updated with the latest information on everything from big screen TVs to 3-way

switches required by the National Electrical Code.

The first International Conference on Energy Efficiency in Household Appliances was held in Florence, Italy, in November 1997. This book provides a full account of presentations made, discussions and conclusions reached during the four days of the Conference. It offers a comprehensive picture of the issues at stake, of the results achieved so far through the design and application of standards, the promotion of a better consumer information, the development of energy efficient products and technologies as well as of test methods and other analytical tools.
