Shift happens. It's time for Plan D. Long gone are the good old days where a sudden market shift was tempered -- even held back -- by restrictive laws, huge capital requirements, complex data, industry secrets, distribution networks and expensive infrastructure. Goliath has lost his edge. Today, "what's next" is conceived by firebrand leaders who topple the once proud giants of established industries. You know, the crazy ones . . . the Disruptors. This book explores two questions about them: 1. What makes them special? (So we can do what they do and upend our competition as well.) 2. How do they think? (So we know how to manage them while getting the absolute best out of them.) This book is written about -- and for -- Disruptors. It crystallizes the Disruptor's unique superhero powers so you can use them too (for good, not evil). The future belongs to the Disruptors. You need them, and they need you. This book will help you dream, drive and deliver like the crazy ones.

In 1928, on their eighteenth birthday, they are rich and admired, with a confidence verging on arrogance. But the specter of Nazi Germany is growing... Gradually their privileged world darkens in unimaginable ways--but it is not just the twins whose lives have been irrevocably changed. Barty Miller, rescued from the London slums in babyhood by Celia Lytton, is clever, ambitious, and a complete contrast to the twins--and she faces temptation of the most unexpected kind...

They have sex, they worry about sex, they worry about their friendships and the world they live in. Are they standing in the last lighted room before the darkness, bearing witness to something? Will they find a way to believe in a beautiful world?

In this New York Times bestselling sequel to Kerri Maniscalco's haunting #1 debut *Stalking Jack the Ripper*, bizarre murders are discovered in the castle of Prince Vlad the Impaler, otherwise known as Dracula. Following the grief and horror of her discovery of Jack the Ripper's true identity, Audrey Rose Wadsworth has no choice but to flee London and its memories. Together with the arrogant yet charming Thomas Cresswell, she journeys to the dark heart of Romania, home to one of Europe's best schools of forensic medicine . . . and to another notorious killer, Vlad the Impaler, whose thirst for blood became legend. But her life's dream is soon tainted by blood-soaked discoveries in the halls of the school's forbidding castle, and Audrey Rose is compelled to investigate the strangely familiar murders. What she finds brings all her terrifying fears to life once again.
