Since its first exhibition in 1829, the Pennsylvania Horticultural Society (PHS) has introduced beautiful new plants, inspiring design concepts, and innovative environmental practices to the American public at its annual show. Having begun as a modest display of fruits, vegetables, and flowers in a 19th-century Masonic Hall, the event expanded into the Philadelphia Civic Center, later completed a 21st-century transformation of 10 acres in the Pennsylvania Convention Center, and blossomed into the world's largest indoor horticultural event the PHS Philadelphia Flower Show. Today, the nine-day celebration of astonishing gardens and superb floral and landscape design attracts a quarter-million visitors to the city."

Flowers Cracking Concrete is the first in-depth study of the forty-year career of Eiko & Koma—two artists from Japan who have lived and worked in New York City since the mid-1970s, establishing themselves as innovative and influential modern and postmodern dancers. They continue to choreograph, perform, and give workshops across the United States and around the world. Rosemary Candelario argues that what is remarkable about Eiko & Koma ' s dances is not what they signify but rather what they do in the world. Each chapter of the book is a close reading of a specific dance that reveals a choreographic theme or concern. Drawing on interviews, live performance, videos, and reviews, Candelario demonstrates how ideas have kinesthetically and choreographically cycled through Eiko & Koma ' s body of work, creating dances deeply engaged with the wider world through an active process of mourning, transforming, and connecting.

Celebrate the fortieth anniversary of the enduring gothic masterpiece Flowers in the Attic—the unforgettable forbidden love story that earned V.C. Andrews a fiercely devoted fan base and became an international cult classic. At the top of the stairs there are four secrets hidden—blond, innocent, and fighting for their lives... They were a perfect and beautiful family—until a heartbreaking tragedy shattered their happiness. Now, for the sake of an inheritance that will ensure their future, the children must be hidden away out of sight, as if they never existed. They are kept in the attic of their grandmother ' s labyrinthine mansion, isolated and alone. As the visits from their seemingly unconcerned mother slowly dwindle, the four children grow ever closer and depend upon one another to survive both this cramped world and their cruel grandmother. A suspenseful and thrilling tale of family, greed, murder, and forbidden love, Flowers in the Attic is the unputdownable first novel of the epic Dollanganger family saga. The Dollanganger series includes: Flowers in the Attic, Petals in the Wind, If There Be Thorns, Seeds of Yesterday, Garden of Shadows, Beneath the Attic, and Out of the Attic.

"A powerful document of the inner lives and creative visions of men and women rendered invisible by America ' s prison system. More than two million people are currently behind bars in the United States. Incarceration not only separates the imprisoned from their families and communities; it also exposes them to shocking levels of deprivation and abuse and subjects them to the arbitrary cruelties of the criminal justice system. Yet, as Nicole Fleetwood reveals, America ' s prisons are filled with art. Despite the isolation and degradation they experience, the incarcerated are driven to assert their humanity in the face of a system that dehumanizes them. Based on interviews with currently and formerly incarcerated artists, prison visits, and the author ' s own family experiences with the penal system, Marking Time shows how the imprisoned turn ordinary objects into elaborate works of art. Working with meager supplies and in the harshest conditions—including solitary confinement—these artists find ways to resist the brutality and depravity that prisons engender. The impact of their art, Fleetwood observes, can be felt far beyond prison walls. Their bold works, many of which are being published for the first time in this volume, have opened new possibilities in American art. As the movement to transform the country ' s criminal justice system grows, art provides the imprisoned with a political voice. Their works testify to the economic and racial injustices that underpin American punishment and offer a new vision of freedom for the twenty-first century."
