Fringe - Season 1 - IMDb

Letters of Transit (Season 4, Episode 19) A dystopian future plays out where Observers come back in time and take over the Earth, totally interrupting the main narrative of the season. It served as a springboard (and sales pitch to Fox because of low ratings) for Season Five, where the events were revealed to have been canon.

Season 4

A holistic approach to television criticism, this analytical companion to the popular show Fringe examines the drama 's mythology and unveils its mysteries while exposing significant cultural issues addressed in each episode. With a strong basis in science fiction, Fringe has all of the archetypal characters and themes of the genre, from the covert mastermind and the mad scientist to dangerous advances in technology, parallel worlds, and man-made monsters. This guide explores how the show uses these elements to tap into a deeper understanding of the human experience. Less focused on individual episodes, this book is split into three parts, each discussing a broad element of the narrative experience of the first three seasons of this multilayered show.

Popular culture often champions freedom as the fundamentally American way of life and celebrates the virtues of independence and self-reliance. But film and television have also explored the tension between freedom and other core values, such as order and political stability. What may look like healthy, productive, and creative freedom from one point of view may look like chaos, anarchy, and a source of destructive conflict from another. Film and television continually pose the question: Can Americans deal with their problems on their own, or must they rely on political elites to manage their lives? In this groundbreaking work, Paul A. Cantor explores the ways in which television shows such as Star Trek, The X-Files, South Park, and Deadwood and films such as The Aviator and Mars Attacks! have portrayed both top-down and bottom-up models of order. Drawing on the works of John Locke, Adam Smith, Alexis de Tocqueville, and other proponents of freedom, Cantor contrasts the classical liberal vision of America -- particularly its emphasis on the virtues of spontaneous order -- with the Marxist understanding of the "culture industry" and the Hobbesian model of absolute state control. The Invisible Hand in Popular Culture concludes with a discussion of the impact of 9/11 on film and television, and the new anxieties emerging in contemporary alien-invasion narratives: the fear of a global technocracy that seeks to destroy the nuclear family, religious faith, local government, and other traditional bulwarks against the absolute state.

This product description has been updated by the publisher effective August 6, 2013. With diverse contributions from scholars in English literature, psychology, and film and television studies, this collection of essays contextualizes Fringe as a postmodern investigation into what makes us human and as an examination of how technology transforms our humanity. In compiling this collection, the editors sought material as multifaceted as the series itself, devoting sections to specific areas of interest explored by both the writers of Fringe and the writers of the essays: humanity, duality, genre and viewership.

Critically acclaimed Fringe explores new cases with endless impossibilities. Set in Boston, the FBI's Fringe Division started when Special Agent Olivia Dunham enlisted institutionalized "fringe" scientist Walter Bishop and his globe-trotting, jack-of-all-trades son, Peter, to help in investigations that defy all human logic - and the laws of nature. The first in an all-new series of tie-in novels!

"This picaresque slideshow definitely has its ear to the ground for the weird, wacky, and wonderful that is now our peninsula's chief cash crop. If you're looking for the outer orbits of America, come to Florida, and if you seek the Sunshine State's funky-drumbeat fringe, you can do no better than Lynn Waddell."--Tim Dorsey, New York Times best-selling author "Waddell takes readers to Florida's wild side, where strippers, swingers, bikers, exotic animals, and carnies enjoy sun-kissed lives in America's strangest state."--Trevor Aaronson, author of The Terror Factory: Inside the FBI's Manufactured War on Terrorism "Lynn Waddell's riveting you-are-there reporting lives at the intersection where Florida's wacky subcultures and seamy undersides meet up. When you read this book, make sure you're standing over carpet--that way you won't hurt your jaw from dropping it so many times."--Craig Pittman, author of The Scent of Scandal: Greed, Betrayal, and the World's Most Beautiful Orchid "A fast, fascinating read. Waddell delivers ten surprising subcultures you might not dare visit on your own."--Lyn Millner, Florida Gulf Coast University Florida has a titillating underbelly that few tourists ever see. Beyond the theme parks and the beaches lies a periphery most residents know about but--out of decorum or discomfort--prefer not to discuss. In Fringe Florida, Lynn Waddell explores the exotic, sensational, and sometimes illicit worlds of the oddest state in the nation. Waddell takes the reader on a colorful journey to meet the most unconventional of Floridians in unbelievable and spectacular places. At Fetish Con, she befriends furries and pony girls. She travels to Cassadaga, the oldest active Spiritualist community in the South, where trained mediums converse with the dead, and to the Holy Land Experience theme park in Orlando, where one can eat a hot dog while watching a reenactment of the Crucifixion. She interviews the founder of the Leather & Lace Motorcycle Club, a Daytona Beach-area grandmother who hosts the club's annual gathering, welcoming scores of lady bikers to camp out on the lawn of her subdivision home. At an Animal Amnesty Day outside Busch Gardens, Waddell meets exotic reptile owners who give up their beloved-but no-longer-manageable pets and others who vie to take home the cast-offs. If you've ever wanted to parade around on a pimped-out swamp buggy amidst a couple thousand beer-swigging mud boggers or fall asleep with a python hissing in your ear, been tempted to bring a Capuchin monkey in a stroller to a Little League game, or contemplated sitting on the beach waiting to be picked up by a UFO but couldn't quite bring yourself to such extremes, Fringe Florida is for you.

See how the story of Jamie Fraser and Claire Beauchamp Randall comes to life on the screen with this official, photo-filled companion to the third and fourth seasons of the hit Starz television series based on Diana Gabaldon 's bestselling Outlander novels. From its very first episode, the Outlander TV series transported its viewers back in time, taking us inside the world of Diana Gabaldon 's beloved series. From the Scottish Highlands, to the courts of Versailles, to the shores of America, Jamie and Claire 's epic adventure is captured in gorgeous detail. Now, travel even deeper into the world of Outlander with this must-have insider guide from New York Times bestselling author and television critic Tara Bennett. Picking up where The Making of Outlander: Seasons One & Two left off, this lavishly illustrated collectors ' item covers seasons three and four, bringing readers behind the scenes and straight onto the set of the show. You ' ll find exclusive interviews with cast members, including detailed conversations with Caitriona Balfe and Sam Heughan (on-screen couple and real-life friends), as well as the writers, producers, musicians, costume designers, set decorators, technicians, and more whose hard work and cinematic magic brings the world of Outlander to life on the screen. Every page features gorgeous photographs of the cast, costumes, and set design, including both official cast photography and never-before-seen candids from on set. The Making of Outlander: Seasons Three & Four is the perfect gift for the Sassenach in your life—and the only way to survive a Droughtlander!

This book offers an exploration of the comprehensive impact of the events of September 11, 2001, on every aspect of American culture and society. • More than 100 aspects of American culture are discussed in terms of their response to—or reflection of—the events of September 11 • 68 scholars from a variety of disciplines contributed to this book • A compelling chronological view of how America responded to the September 11 attacks—in our everyday life, our work environments, and in popular culture • Helpful indexes offer access to the entries by genre, title, and author • Spotlight essays discuss specific television shows, films, music, literature, and art works that came as a result of September 11, while shorter essays focus on specific books, TV shows, songs, and films.

Season 5

It is the far future, and the giant spaceship, The Whorl, has travelled for forgotten generation towards its destination. Lit inside by the artificial Long Sun, The Whorl is so huge that you can see whole cities in the sky. And now the gods of The Whorl begin to intervene in human affairs. A god speaks to Patera Silk, a clergyman at work in the schoolyard of his church. Silk must go on a quest to save his church and his people. "Stylistic excellence and topnotch storytelling."--Library Journal At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
