Provides convincing evidence that angels, demons, and fallen angels were flesh-and-blood members of a giant race predating humanity, spoken of in the Bible as the Nephilim. • Indicates that the earthly paradise of Eden was a realm in the mountains of Kurdistan. • By the author of Gateway to Atlantis. Our mythology describes how beings of great beauty and intelligence, who served as messengers of gods, fell from grace through pride. These angels, also known as Watchers, are spoken of in the Bible and other religious texts as lusting after human women, who lay with them and gave birth to giant offspring called the Nephilim. These religious sources also record how these beings revealed forbidden arts and sciences to humanity--transgressions that led to their destruction in the Great Flood. Andrew Collins reveals that these angels, demons, and fallen angels were flesh-and-blood members of a race predating our own. He offers evidence that they lived in Egypt (prior to the ancient Egyptians), where they built the Sphinx and other megalithic monuments, before leaving the region for what is now eastern Turkey following the cataclysms that accompanied the last Ice Age. Here they lived in isolation before gradually establishing contact with the developing human societies of the Mesopotamian plains below. Humanity regarded these angels--described as tall, white-

haired beings with viperlike faces and burning eyes--as gods and their realm the paradise wherein grew the tree of knowledge. Andrew Collins demonstrates how the legends behind the fall of the Watchers echo the faded memory of actual historical events and that the legacy they have left humanity is one we can afford to ignore only at our own peril.

Lucifer was the brightest archangel of them all...until he fell in love. Before Earth there was Heaven, a place of immortality and subservience where angels existed to watch the world transform. Until one angel changed everything. Stripped of his essence, flesh replaced light, and the weight of Lucifer's new wings bore down on him like a burden...until he saw her. By his side since the dawn of time, Gabriel was Lucifer's closest companion in brilliant light. But seeing her in the flesh changed him. Lucifer can't look away. And not because she's perfection personified. Beyond Gabriel's cascading hair, porcelain skin, and blushed lips, her silvery eyes are the windows to her very soul and her eternal hope-even for an unworthy angel like him. And Lucifer is unworthy. His thoughts of her alone are a sin. The intimate acts he imagines committing with her could cost him more than his place amongst the archangels. But he can't stop how he feels when she looks at him. When Gabriel's gentle hand lays flat over Lucifer's chest, his heart beats faster...for her. Controlling the forbidden desires that rule Lucifer will be the hardest thing he's ever had to endure, but giving in to them could cost him the one being he can't live without.

In 1982, near Craig, Alaska, eight people were slaughtered aboard the fishing vessel Investor. This book starts with the actual scene of the murders and continues on through the lives of those involved as well as the two trials of the suspected killer or killers.

blended voices color much of the ink like a literary tattoo. With original poetry reminiscent of the Beat Generation, this performance-oriented narrative reinvents 21st century pop culture informed by a background in Shakespeare. The characters speak to each other alternately in poems and rock lyrics on a Lower East Side stage beset with demons, hookers, drug addicts, swingers, artist communes, and a schizophrenic poet and his punk angel lover. Auryn cuts off her wings -- with scissors -- in an ill-advised deal made with her demon twin sister looking for bail out of hell. Auryn falls out of the sky to earth, where she falls for Asher, failed artist. This is the story of the evolution and dissolution -- a vicarious nuclear catastrophe -- of their bizarre relationship: angel falls for atheist, poet steals from his own muse, mortal rapes a supernatural, immortal commits suicide. As a paranormal dark romance, it makes subversive comment in poetic meditation on the (im)possibilities of love, the arguably most lethal threat to human existence.

Abandoned & Broken Left alone to raise a family, widow Darcy Kyle's life has spiraled out of control. When secrets about her husband's past emerge, Darcy is forced to confront the fact her husband's fatal accident may, in fact, have been deliberate. Forced to sell her soul to the Devil himself, Darcy must uncover the truth of her husband's accident...before it's too late. Betrayed & Bitter Cast into Hell, Raze has given his life as President of the Heaven's Rejects MC, but what good is it when he can't protect the people he cares about? His brother's death, his wife's betrayal... it's too much for a mere mortal to handle. Luckily for Raze, he is the ruler of this Hell on Earth. But even the Devil has a weakness, and when Darcy Kyle sticks her nose in the club's business he finds himself questioning his loyalty to his brother's memory. How can the Devil resist an angel bathed in the ashes of the fallen?

As a muse, Cassandra Stevens had been warned of the Fallen angel who'd one day come to impregnate her with a nephilim, an evil offspring. But no one could have foreseen that Samandriel—the raven-haired, silver-winged Fallen one—would sweep her off her feet. Against all good sense, Sam stirred her suppressed desires, yet for her own sake she dared not arouse his carnal ones. For Sam had been summoned to earth by a dark vampire lord. And more Fallen were on their way. Despite the dangers, Cassandra needed Sam by her side, for only together could they prevent the apocalypse that had been unleashed... Originally published in 2011

A groundbreaking historical documentation of the secret history of pre-Pharonic Egypt and the race of angels that built it. •By the author of From the Ashes of Angels and Gateway to Atlantis (more than 30,000 copies sold in the United Kingdom). •Unlocks the secrets of how the Great Pyramids and the Sphinx were built. •Explains the traces left by the race of Elder gods that founded ancient Egypt through ancient texts of the Hall of Records. •Proves the foundations of ancient astronomy 10,000 years ago. Hidden deep below Egypt's Giza plateau is perhaps the key to unlocking the mysteries of the Great Pyramid, one of the seven wonders of the world. Built using a technology unequaled even today, the ancient Egyptians claimed they inherited their advanced culture from a race of Elder gods who lived during a previous age known as Zep Tepi, the First Time. In his earlier companion book From the Ashes of Angels, renowned historical writer Andrew Collins provided historical and scientific evidence showing how these Elder gods, who were the flesh and blood members of a race of fallen angels, founded ancient Egypt. Now, in Gods of Eden, he describes the remarkable achievements of their culture. Assembling clues from archaeology, mythology, and religion, Collins shows us how this great society mastered acoustic technology and employed the use of sound to raise heavy objects into the air and pierce holes through solid rock. It was with this technology that they were able to construct gigantic structures that have marveled adventurers and archaeologists worldwide. With findings based on more than 20 years of research and scholarship, Collins reveals the fascinating historical destiny of this culture of fallen angels and the imprints and legacies they left behind at the genesis of civilization.
