This compelling study of the Ri-me movement and of the major Buddhist lineages of Tibet is comprehensive and accessible. It includes an introduction to the history and philosophy of the Ri-me movement; a biography of the movement's leader, the meditation master and philosopher known as Jamgön Kongtrul the Great; helpful summaries of the eight lineages' practice-and-study systems, which point out the different emphases of the schools; an explanation of the most hotly disputed concepts; and an overview of the old and new tantras. Jamgön Kongtrul the Great (1813-1899) is a giant in Tibetan history, renowned for his scholarly and meditative achievements, but also for his energetic yet evenhanded work to unify and strengthen the different lineages of Buddhism. The Ri-me movement, led by Kongtrul and several other leading scholars of the time, was a unifying effort to cut through interscholastic divisions and disputes that were occurring between the different lineages. These leaders sought appreciation of the differences and acknowledgment of the importance of variety in benefiting practitioners with different needs. The Ri-me teachers also took great care that the teachings and practices of the different schools and lineages, and their unique styles, did not become confused with one another. This lucid survey of the Ri-me movement will be of interest to serious scholars and practitioners of Tibetan Buddhism.

Drawing on textual and anthropological research, this book demonstrates how popular ritual texts and stories have shaped the religion and culture of the only surviving Mahayana Buddhist society, the Newars of Kathmandu.

Indian Buddhist Pandits, describing the life and works of the major Buddhist Master of Ancient India, translated from the second volume of The Jewel Garland of Buddhist History, compiled by the Tibetan Masters, will surely serve as an inspiration to all the students and scholars of the Buddhist philosophy. Between the covers of this slim volume, the reader is offered glimpses of the courage, compassion, dedication and the devotion with which luminous Buddhist Masters like Nāgārjuna, Āryadeva, Asanga, Chandrakīrti, Śāntideva, Śāntirakṣita and Dharmakīrti, etc. upheld the Buddhist philosophy and contributed to its enrichment and propagation. Above all, this volume offers a well-abridged biography of the beloved Atiśa, the Indian Buddhist Master, who arrested the decline and fall of Buddhism in Tibet and revived it once again with his chief disciple Dromtonpa.

Buddhism in the United States is often viewed in connection with practitioners in the Northeast and on the West Coast, but in fact, it has been spreading and evolving throughout the United States since the mid-nineteenth century. In Dixie Dharma, Jeff Wilson argues that region is crucial to understanding American Buddhism. Through the lens of a multid denominational Buddhist temple in Richmond, Virginia, Wilson explores how Buddhists are adapting to life in the conservative evangelical Christian culture of the South, and how traditional Southerners are adjusting to these newer members on the religious landscape. Introducing a host of overlooked characters, including Buddhist circuit riders, modernist Pure Land priests, and pluralistic Buddhists, Wilson shows how regional specificity manifests itself through such practices as meditation vigils to heal the wounds of the slave trade. He argues that southern Buddhists at once use bodily practices, iconography, and meditation tools to enact distinct sectarian identities even as they enjoy a creative hybridity.

Vajrayogini Sadhana and Commentary, a translation of an oral explanation given by Geshe Ngawang Dhargyey in Seattle, Washington, USA, in 1981. Traditionally, the practice of tantra is supposed to be kept secret, and it is to be noted that this book is intended purely for those who have received the proper initiations. However, as His Holiness the Dalai Lama has advised, the great misunderstandings to which tantra is often subject to are more harmful than the partial lifting of such secrecy, so there is a necessity for books to be made available which contain authentic explanations. Venerable Geshe Ngawang Dhargyey was born in Kham Province of Tibet in 1928 and attended Sera Je Monastery. He escaped from Tibet in 1959 to India where he was able to continue teaching and meditating. He received his Geshe Lharampa degree in 1969. In 1971 His Holiness the Fourteenth Dalai Lama asked him to teach Dharma courses to westerners at the Library of Tibetan Works and Archives in Dharamsala. In 1986 he left for Dunedin, New Zealand, where he was the resident Spiritual Director at the Thargye Dharma Center until his death in 1996.
