Organizations continue to struggle achieving their strategies. Although organizations and industries can identify what needs to change, most strategy-execution efforts fail. Those strategy executions that don't fail outright will limp forward. Staggering price tags, incomplete deliverables, and a demoralized workforce usually lie in the wake of many change efforts.Not that this is a new problem. but the pace of competition and innovation today has substantially raised the stakes of the game. What worked yesterday may not work today, and an organization needs to be dynamic enough to choose new courses of action and make them a reality. Enough already. Closing the strategy execution gap starts by acknowledging that execution is a distinctive discipline and skillset built over time.By learning how to set better targets, align resources, lead at all levels, deliver results, and build controls around processes, we learn to build a system that ensures what gets done, stays done.

From the editor-in-chief and co-owner of the highly respected self-improvement site Pick the Brain comes an inspirational guide for overscheduled, overwhelmed women on how to do less so that they can achieve more. Women live in a state of constant guilt: that we're not doing enough, that we're not good enough, that we can't keep up. If we're not climbing the corporate ladder, building our side hustle, preparing home-cooked meals, tucking the kids in at night, meditating daily, and scheduling playdates, date nights, and girls' nights every week, we feel like we're not living our best lives. Yet traditional productivity books—written by men—barely touch on the tangle of cultural pressures that women feel when facing down a to-do list. Now, Erin Falconer will show you how to do less—a lot less. In fact, How to Get Shit Done will teach you how to zero in on the three areas of your life where you want to excel, and then it will show you how to off-load, outsource, or just stop giving a damn about the rest. As the founder of two technology start-ups and one of Refinery29's Top 10 Women Changing the Digital Landscape for Good, Erin has seen what happens when women chase an outdated, patriarchal model of productivity, and now she shows you how even the most intense perfectionist among us can tap into our inner free spirit and learn to feel like badassess. Packed with real-life advice, honest stories from Erin's successful career, and dozens of actionable resources, How to Get Shit Done will forever reframe productivity so that you can stop doing everything for everyone and start doing what matters to you.
