Study & Master Mathematics has been specially developed by an experienced author team to support the Curriculum and Assessment Policy Statement (CAPS). The innovative Teacher's Guide includes: \* a detailed daily teaching plan to support classroom management \* teaching tips to guide teaching of the topics in the learner material \* worked out answers for all activities in the Learner's Book \* photocopyable record sheets and templates. Also provides a comprehensive Learner's Book.

Singapore Math creates a deep understanding of each key math concept, is a direct complement to the current textbooks used in Singapore, includes an introduction explaining the Singapore Math method, and includes step-by-step solutions in the answer key. Singapore Math, for students in grades 2 to 5, provides math practice while developing analytical and problem-solving skills. Learning objectives are provided to identify what students should know after completing each unit, and assessments are included to ensure that learners obtain a thorough understanding of mathematical concepts. Perfect as a supplement to classroom work, these workbooks will boost confidence in problem-solving and critical-thinking skills!
